# Witch Hunt

A Traveler's Guide to the Power and Persecution of the Witch

**Kristen J. Sollée**, author of *Witches, Sluts, Feminists*

- Books on witch trials are perennially popular. This one infuses serious history into an irreverent, fun, and highly readable narrative.
- Strong sales track of *Witches, Sluts, Feminists*. Author has good media connections and a devoted social media following.

Part history, part feminist memoir, part travelogue, *Witch Hunt* provides a personal guide to the witch trials in western Europe and America and explores how their legacy continues to affect women today.

A confluence of political, economic, and religious factors in the early modern era inspired witch hysteria to ignite across Italy, France, England, and northern Europe, and followed early colonists into America. At the heart of these accusations were warped ideas about the supposed evils of female sexuality and the female body. Women were often named as the driving force behind the influx of “witches,” and were disproportionately punished for it.

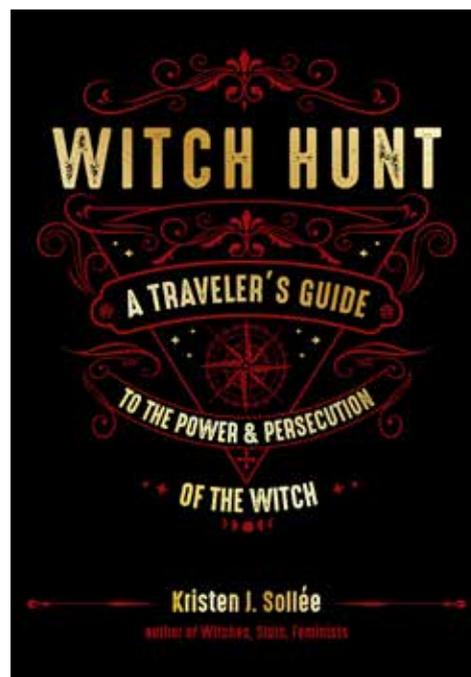

The European and American witch hunts between the fifteenth and seventeenth centuries are usually glossed over in American schools, although this time period greatly informs our ideas about who and what witches are—and this lineage of oppression remains an important and often overlooked reference point.

In *Witch Hunt*, Kristen Sollée, a second-generation witch herself, retraces the steps of the famed witch hunts of Europe and America, taking the reader on a journey that is grim and yet empowering, even joyful. This witch's guide to history, often irreverent and playful, is written with reverence for those who suffered through the darkest of times.

“*Witch Hunt* is a transcendent travelogue with a wickedly delicious, feminist twist. Sollée writes with a deep respect for those whose lives were lost in the name of witchcraft, and a wide, wild love for those of us who see the modern resurgence of the witch as a signpost for a better, freer future.” —**Pam Grossman**, author of *Waking the Witch: Reflections on Women, Magic, and Power*

“Kristen J. Sollée takes the reader on an imaginative and historical quest across continents to follow the trail of witches. . . . It made me want to pack my bags.” —**Marilynne K. Roach**, author of *Six Women of Salem: The Untold Story of the Accused and Their Accusers in the Salem Witch Trials*

“Extensive, well-written, well-informed and good humored.” —**Ronald Hutton**, author of *The Witch: A History of Fear, from Ancient Times to the Present*

## Conversations with God, Book 2

Living in the World with Honesty, Courage, and Love

*An Uncommon Dialogue*

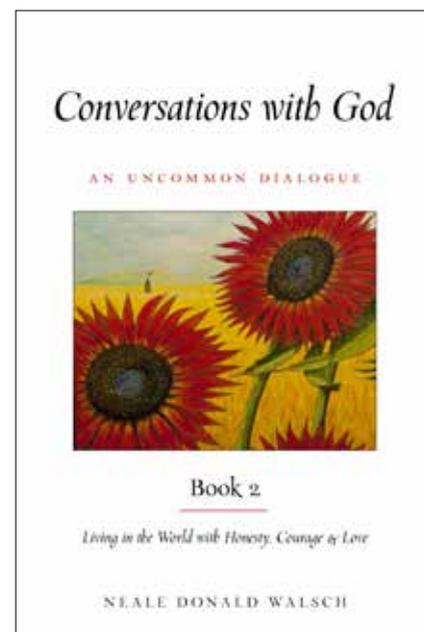

**Neale Donald Walsch**

- A new edition of a book that has been unavailable since 2014.
- Neale has an active newsletter list with over 88,000 followers, and has created a promotional video for Books 2 and 3 for YouTube and IGTV.

**How to deal with twenty-first century challenges, individually and globally.**

In the introduction to *Conversations with God, Book 1*, Neale Donald Walsch was told that *Book 2* “would deal with more global challenges now facing the world.” This is a book that looks at the big picture. What is here is a proposed paradigm shift to change the political and spiritual constructs that people have manifested on this planet.

This is the challenge of the book: “Now is the time to *reclaim yourself*. Now is the time to see yourself again as Who You Really Are, and thus, render yourself visible again. For when you, and your true relationship with God, become visible, then We are *indivisible*. And nothing will ever divide Us again.”

## Conversations with God, Book 3

Embracing the Love of the Universe

*An Uncommon Dialogue*

**Neale Donald Walsch**

**Discover the answers to the questions of God, meaning, and existence.**

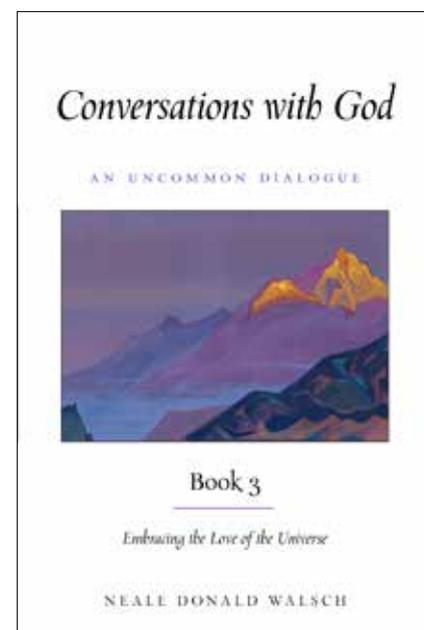

In *Book 3*, the dialogue expands to include more about the nature of God, love and fear, who we are and who we may become, and the evolution of the human species that's about to take place.

This is an engaging and profound conversation about the culture, philosophy, and spirituality of highly evolved beings (some of whom we call “aliens,” or “ETs”) in other realms of the universe, and how they have learned to view life, love, and the pursuit of happiness.

*Conversations with God, Book 3* is meant to inspire readers to look at their lives in new and fresh ways and to question everything. It encourages readers to embrace the mysteries of existence and to live each day with love and joy.

## Tarot: No Questions Asked

Mastering the Art of Intuitive Reading *Practical Techniques and Exercises from the Tarot Lady*

**Theresa Reed**

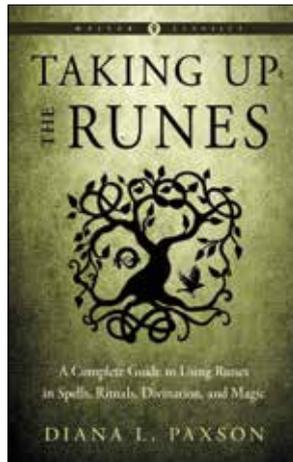

Foreword by Rachel Pollack, author of *Seventy-Eight Degrees of Wisdom*

Most tarot books provide interpretation on individual cards and certain spreads. This book takes the next logical step inward by helping you learn to interpret the cards intuitively in workbook style. It's not enough to memorize the meanings of the cards, and you can't do a reading with a workbook by your side forever; you need to hone your intuition. Without a comfortable connection to your sixth sense, tarot readings become cookie-cutter interpretations.

Here Theresa Reed presents the basics of intuitive tarot reading—reading without any questions, any backstory, anything to go on. This book is filled with exercises to hone your intuition and sharpen your interpretation skills for better results for yourself or your clients.

## The Witches' Almanac 50 Year Anniversary Edition

An Anthology of Half a Century of Collected Magical Lore

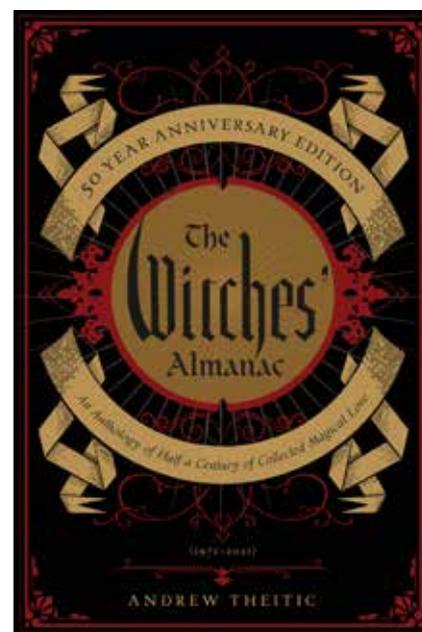

**Edited by Theitic**

*The Witches' Almanac 50 Year Anniversary Edition* is an anthology of articles spanning the five decades that the almanac has been published. The reader will find material that has been drawn from numerous world cultures, across a variety of age groups and genres, including folklore and mystical poetry. This is the first time such an expansive collection of articles about witchcraft, magic, herbalism, charms, spells, and related topics is being presented in a single volume, and it will surely be treasured as occult memorabilia immediately upon its release.

A former art director of *Gourmet* magazine, Elizabeth Pepper founded *The Witches' Almanac* in 1971 to provide a source of good information to the quickly growing magical communities in the United States and Canada. Elizabeth, whose own Basque witchcraft tradition was rich in lore and myth, knew that witchcraft was at a crossroads and that the paltry amounts of literature needed remedy. The community immediately embraced *The Witches' Almanac's* wit and conversant, sophisticated style. Theitic—Elizabeth's literary heir, as well as a prominent member of the New England Witchcraft community—has continued, as well as expanded, the mission of *The Witches' Almanac*. For both of the publishers *The Witches' Almanac* has been a labor of love.

### About the Author

**Theitic** is a prominent member of the New England pagan community. He became editor/publisher of *The Witches' Almanac* upon the death of founder Elizabeth Pepper in 2005. He lives in Rhode Island.

## Queering Your Craft

Witchcraft from the Margins

**Cassandra Snow, author of *Queering the Tarot***

Until now there has not been one book that specifically addresses the practice of queer magick from an LGBTQ+ standpoint. *Queering Your Craft* does just that—combining queer aesthetic and culture (like DIY culture and an emphasis on chosen family over formal covens) with pagan and metaphysical spiritual practice in a way that is commonplace.

In this introduction to witchcraft, Snow presents why/how each concept is important to a queer craft, or how to approach it from a queer mindset. For example, conventional prayer, words, and symbols have always been problematic in a queer universe: How do we make them work while still being true to ourselves? The bulk of the book is about learning the craft. The latter portion is a grimoire of spells.

### About the Author

**Cassandra Snow** is a professional tarot card reader and has practiced and studied magick for several years. Snow teaches classes on *Queering the Tarot* and *Tarot for Beginners*, and coaches new and intermediate tarot readers. She runs Gadfly Theatre Productions, a queer and feminist theatre company. Readers of *The Way of the Water Priestess* will learn all the aspects of water magic:

- The lore of water goddesses from various cultures around the world
- How to form an intimate connection with water in all its forms

# Year of the Witch

Connecting with Nature's Seasons through Intuitive Magic

**Temperance Alden, founder of Wild Woman Witchcraft**

- The witch's and pagan's guide for ritual and seasonal celebration.
- A fresh, young voice with a charming, entrancing, and informal style.

A fresh look at the wheel of the year, drawing on the power of intuition to create rituals and celebrations in harmony with your own traditions, your locale, and the climate of where you live.

When we think of the wheel of the year, the Wiccan wheel with its celebrations of the Yule, Beltane, Mabon, and Samhain come to mind. But what about a wheel of the year for the rest of us pagans and witches? As a witch living in sunny South Florida, longtime hereditary witch Temperance Alden has often felt at odds gearing up to celebrate Yule, for example, when it is 76 degrees and sunny outside.

*Year of the Witch* will help readers create their own intuitive seasonal practices in harmony with the climate, culture, and local spirits where they live. It's for anyone looking for a more personal approach to celebrating the rhythms of nature.

## About the Author

**Temperance Alden** is a hereditary folk witch with over eighteen years of practice devoted to witchcraft and paganism. Originally from New England, she has called South Florida home for several years. She is the founder of Wild Woman Witchcraft. # Earth Energy Meditations

Awaken Your Root Chakra—the Foundation of Well-Being

**Susan Shumsky, DD**

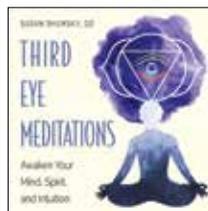

The energy center known in Sanskrit as *muladhara* is called the root chakra. It is located in a layer of our subtle body called *pranamaya kosha*, at the base of our spine in the tailbone area. The root chakra is our connection to the earth and to humanity at large. When this chakra is closed, muddled, and unhealthy, we experience fear, timidity, worry, doubt, anger, frustration, panic, self-loathing, survival mode, and defensiveness, and we manifest unhealthy habits, addictions, narcissism, aggressive behavior, bullying, and a sense of entitlement or victimhood.

*Earth Energy Meditations* provides an answer to these maladies using guided meditation, affirmation, visualization, breathing, and physical movements. By practicing these techniques, we can reap the benefits of an open, clear, and healthy root chakra.

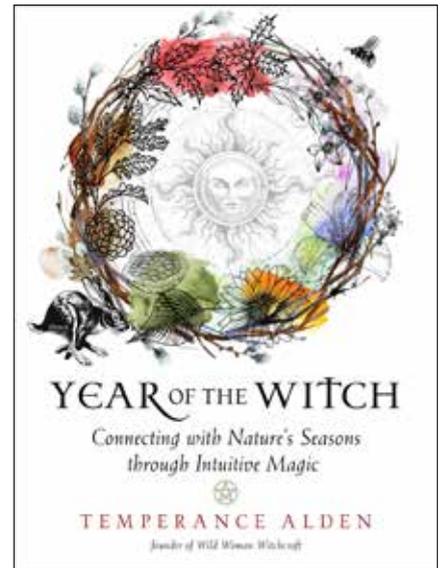

## About the Author

**Susan Shumsky, DD**, is a highly respected spiritual teacher, award-winning and bestselling author, and founder of Divine Revelation. ## The Stonewall Generation

LGBTQ Elders on Sex, Activism, and Aging

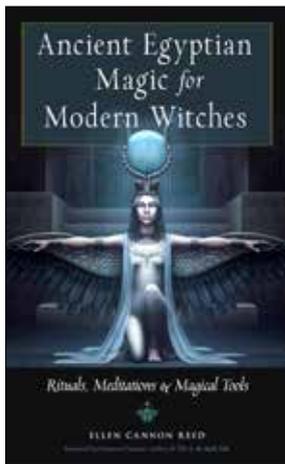

**Jane Fleishman**

In *The Stonewall Generation*, sexuality researcher Jane Fleishman shares the stories of nine fearless elders in the LGBTQ community who came of age around the time of Stonewall. In candid interviews, they lay bare their struggles, their strengths, their activism, and their sexual liberation in the context of the political movements of the 1960s, 1970s, and today. Each has spent a lifetime fighting for liberation, for the right to live, love, and be free. Each has faced challenges arising from their sexual orientation, gender, race, ethnicity, religion, politics, disabilities, kinkiness, nonmonogamy, and other identities. With unflinching directness, the elders interviewed explore their struggles both outside of and within the LGBTQ community.

Featuring interviews with Miss Major Griffin-Gracy, subject of the award-winning documentary film *MAJOR!*, and Lani Ka'ahumanu, coauthor of *Bi Any Other Name*, one of the seminal books in the history of the modern bisexual rights movement, these are the stories of those whose lives were changed forever by Stonewall and who became agents of change themselves. It is essential to hear these voices, particularly at a time when hard-won core values and legislation could be overturned, returning us to the dark pre-Stonewall days.

### About the Author

**Jane Fleishman** is a sexuality educator and researcher with more than forty years of experience. In her TEDx talk, "Is it OK for Grandma to Have Sex?" she articulates her mission to promote the sexual well-being of older adults. She has cochaired national conferences for the American Association of Sexuality Educators, launched a popular column for *Live Well* magazine, and cohosted the podcast *Our Better Half*.

## Hasan-i-Sabah

Assassin Master

**James Wasserman, author of *The Templars and the Assassins***

**Foreword by Tobias Churton**

Founder of the Nizari Ismailis, Hasan-i-Sabah was born in northern Persia around 1050 and died in 1124. Today, under the leadership of the Aga Khan, the Nizari Ismailis are one of the preeminent Muslim sects in the world, numbering some twenty million members in twenty-five countries. The medieval Nizaris were also known as Assassins or Hashishim. It is thought that the Assassins were the spiritual initiators of the Knights Templar. If this is true, Hasan-i-Sabah would be in part responsible for the European Renaissance that would reclaim the spiritual centrality of the Hermetic writings and the Gnostic/Esoteric trends that continue to this day.

This in-depth, scholarly, and fascinating biography provides an understanding of modern esoteric secret societies and today's headlines coming from the Middle East.

### About the Author

**James Wasserman** has written several books on the Crusades. He is also the author of *In the Center of the Fire*, a modern history of the O.T.O. and creator of the acclaimed edition of *Egyptian Book of the Dead: The Papyrus of Ani*.

# War of the Gods

Alien Skulls, Underground Cities, and Fire from the Sky

**Erich von Däniken, bestselling author of *Chariots of the Gods***

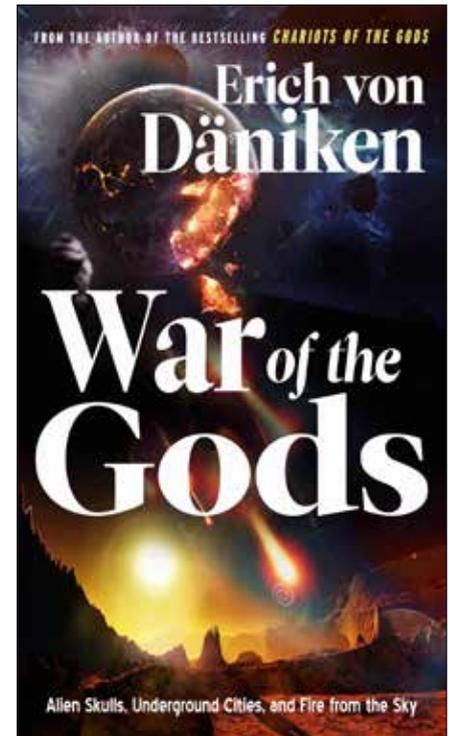

- The father of the Ancient Alien Theory, with more than 65 million books sold.
- Details a very strange skull, the proliferation of ancient underground cities, and an ancient war with nuclear destructive-level weapons.
- Eight-page color insert filled with fascinating images.

Bestselling author and father of the Ancient Alien Theory Erich von Däniken explores what drove ancient humans to build city-sized places underground around the world and its connection to conflicts in the sky.

With impressive examples, *War of the Gods* examines ancient scriptures from India, Siberia, Tahiti, and many other regions of the world independently on reports of battles in the stars. Weapons of unimaginable power were used in the battle. Use of one of these weapons destroyed a planet completely.

These scriptures depict the gruesome effects of the battle in space and speak about it raining fire from the sky for years. The people of the time tried to protect themselves by creating whole villages and cities as safe harbors below ground.

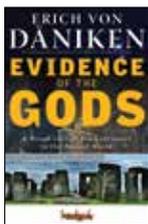

To conclude, von Däniken presents his most recent discovery of an event that can only be described as shocking: In 2017, he was informed that strange mummified creatures were found near Nazca in Peru. These creatures lived several thousand years, had three fingers and three toes, and had exceptionally long heads. One of the mummies had been implanted with a metal plate beneath the skin. Scientists agree: These creatures are not from Earth!

# The Martians

Evidence of Life on the Red Planet

**Nick Redfern**

- With SpaceX and NASA's planned trips to the moon again, interest in Mars and beyond is the highest it's been in decades.
- The author has appeared on many episodes of *Ancient Aliens* as well as many other TV documentary-style shows.

This book provides an in-depth study of the theory that Mars was once a world that teemed with life—even life not too dissimilar to ours. Incredibly, the Martians may still be there. *Alive.*

In *The Martians*, Nick Redfern answers these questions and more:

- What kind of society did the Martians have?
- What caused their world to become harsh and desertlike?
- Did global warming or nuclear war ensure their extinction?
- Are Martian artifacts strewn about the surface, just waiting to be found by NASA?
- Has NASA already found evidence, but is withholding information?
- Could some form of the Martians still exist, deep below the surface of the planet, in secure installations that allow them to ensure survival?
- What do we know about the Martian environment, its atmosphere, and its landscape?

*The Martians* explores the CIA's top-secret search for the Martians, multiple photos of strange anomalies, and the latest revelations about the environment and water on Mars. And most tantalizing of all: Did an ailing Martian race come to Earth in past eons and were they confused with gods? The questions concerning life on Mars—then and now—are many. The answers are astounding.

# Unfiltered Marketing

5 Rules to Win Back Trust, Credibility, and Customers in a Digitally Distracted World

**Stephen Denny and Paul Leinberger**

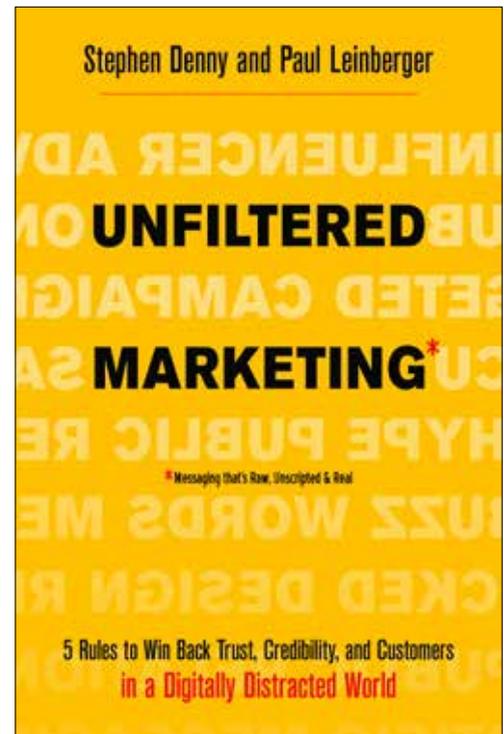

- Authors give more than thirty keynotes annually.
- This book shows how to rehumanize the digital experience.
- Authenticity in business is a hot topic and the younger generations expect it.

*Unfiltered Marketing's* big ideas apply to business strategy, marketing, and the future of the brand/consumer relationship. It is a playbook for managers and for anyone interested in the ever-changing interaction between technology and culture.

“Denny and Leinberger capture the profound truths and deep realities of leading and marketing in a rapidly evolving world of digital platforms.” —**Blake Irving**, former CEO of GoDaddy

Consumers have grown to distrust curated media and traditional PR—they want to make their own decisions based on raw footage, real-time updates, and unfiltered livestreams. How, then, do marketing executives and others gain consumer trust? These Fortune 500 consultants present the answer in *Unfiltered Marketing*.

Drawing on four years of global research, Stephen Denny and Paul Leinberger have developed a comprehensive five-step process for successfully rehumanizing the digital brand experience and gaining customer loyalty. To follow it, companies must understand that consumers are (1) seeking control in an out-of-control world; and executives must rework their brand to be (2) unscripted, (3) in-process, and (4) in-context, in order to master (5) heroic credibility (brands standing by their philosophy and values). Abiding by these rules, businesses follow in the successful footsteps of Patagonia, T-Mobile, adidas, GoDaddy, and others.

# The Uncommon Tarot

A Contemporary Reimagining of an Ancient Oracle

**Shaheen Miro**

With commentary by **Theresa Reed**

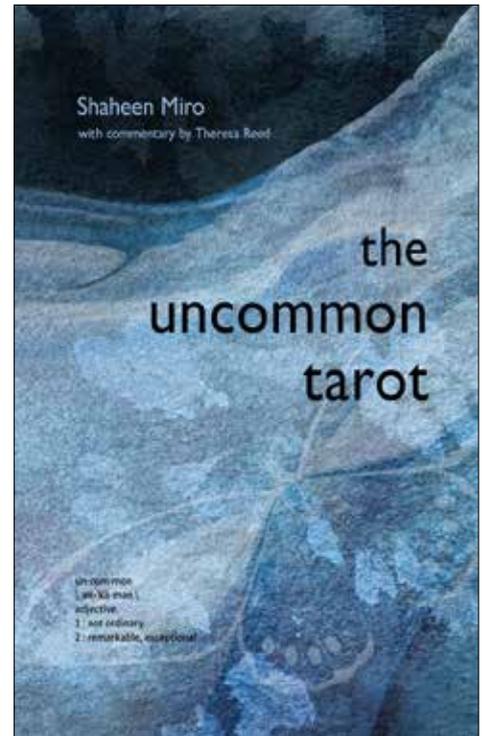

- Follows the Rider-Waite-Smith tarot deck archetypes, the most popular system of tarot.
- For a new generation of tarot readers, who bring a heightened sensitivity toward inclusivity.
- Very few decks available are truly nonbinary and inclusive, and those that are tend to be difficult to find and expensive.

**What we all have in common is that we're all different. Finally, here is an exquisite tarot deck that honors our rich human diversity.**

Tarot has always been a vehicle for storytelling, a way to see and understand human experience. The creative potential of tarot is as varied as the people who work with it. *The Uncommon Tarot* is a contemporary reimagining of the rich symbolism of the Rider-Waite-Smith tarot. Shaheen Miro's artwork breathes fresh life into the traditional tarot imagery, weaving together a mélange of people, places, and settings where everyone is invited to participate regardless of gender, sexual orientation, or race.

*The Uncommon Tarot* honors and empowers the wisdom of the tarot, the ancestors of our past, the avatars of the future. This is a global tarot deck, one that serves as a path for all people who have a hard time relating to the traditional symbolism of tarot.

Theresa Reed provides commentary on the symbolism of the cards, beginning each with a question: What does this card ask of you? Where does this card lead you? Who are you in this card?

## Kabbalah The Tree of Life Oracle

Sacred Wisdom to Enrich Your Life

**Cherry Gilchrist**

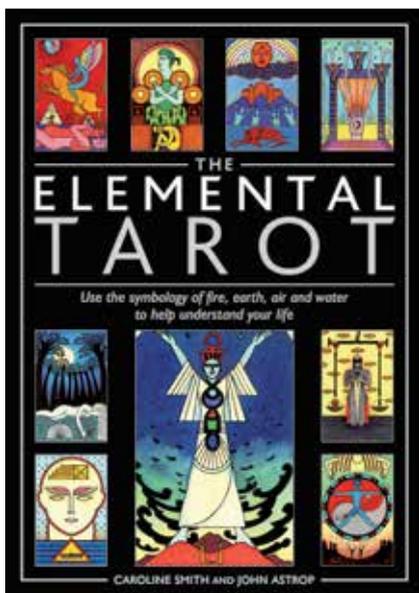

This oracle is based on the ancient Kabbalistic map of creation that dates back at least a thousand years in the Jewish mystery tradition.

The Tree of Life is a sacred symbol in many cultures of the world, but here it is used as a path to knowledge linking the twenty-two letters of the Hebrew alphabet with the twenty-two paths of the Tree of Life and the astrological houses. Each resulting word forms a rich and powerful wheel symbol that reflects a segment of the tree, depicted on a card in the oracle deck. Follow the reading sheet to lay the cards in the zigzag line of creation and consult the guidebook to receive guidance on any life issue. Both the oracle and the tree are highly structured, and from this framework of harmony comes wisdom that will be valued forever.

### About the Author

**Cherry Gilchrist** is one of the four Kabbalists who worked on the Galgal Oracle, on which the Tree of Life Oracle is based. Cherry is the author of over twenty books on astrology, divination, alchemy, and mythology, and has trained and worked in the Western hermetic tradition for many years.

An extraordinary deck of stunning cards, it revitalizes centuries of mystical ideas and generations of symbolic designs.

Each card features easy-to-understand symbolic imagery, and the companion book provides concise meanings and interpretations.

**Serving a Higher Purpose**  
 Theosophy for a Meaningful Life

**David P. Bruce**  
 Foreword by Michael Gomes

When we sow our seeds in the garden of life, do we settle for a meager display of two or three flowers? Or do we aim for a pageantry of rich colors and breathtaking beauty?

So asks author David Bruce in the exquisite essays inspiring us to live an active spiritual life. Fresh and concise, he discusses themes such as living with purpose, spiritual practice, digital distractions, reincarnation, and the human condition, and offers advice on books and reading. Free of dogma, he helps the open-minded inquirer find ultimate meaning.

**Man, the Measure of All Things**  
 In the Stanzas of Dzyan

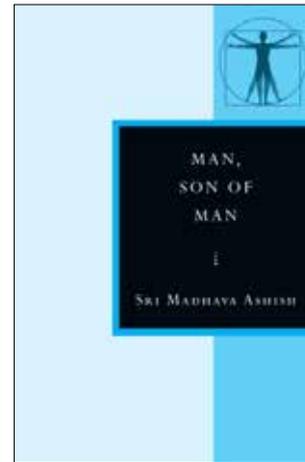

**Sri Krishna Prem and Sri Madhava Ashish**

This volume is a study of the symbols of cosmic origins. It throws a new and searching light upon *The Stanzas of Dzyan*, a little-known collection of cosmogenic verses relating to cosmogenesis as set forth in H. P. Blavatsky's great work *The Secret Doctrine*.

"We are considering the universe as a tissue of psychic experience," say the authors. "Our categories are psychic ones, and with their help we have attempted to show that the process of conscious manifestation is entirely a movement within the unity of consciousness being toward the achievement of self-conscious experience."

**About the Authors**

**Sri Madhava Ashish** (1920–1997) was a Scottish-born naturalized Indian spiritualist, mystic, writer, and agriculturist. When World War II ended, he stayed on in India to continue his spiritual searches. He moved to Mirtola Ashram, a spiritual base at the foothills of the Himalayas. He also took up the name Madhava Ashish. When **Sri Krishna Prem**, head of the ashram, died in 1965, Ashish became the head and oversaw the management of the institution until his death. In 1992, the Indian government awarded him the civilian honor of the Padma Shri for his contributions to the agriculture sector in India.

**Man, Son of Man**  
 In the Stanzas of Dzyan

**Sri Madhava Ashish**

This is a companion volume to, and a continuation of, *Man, the Measure of All Things*.

*Man, Son of Man* is a commentary of further *Stanzas of Dzyan*, outlining the processes of human evolution that have culminated in man as he is today. "What we believe about our origins determines what we believe about our destiny," says the author, and he approaches his subject with the same depth of insight, the same sanity and balance, that characterized the previous work.

## The Handbook of Constitutional and Energetic Herbal Medicine

### The Lotus Within

**Andrew Stableford**

Herbal medicine has a number of important historical philosophical traditions that inform its practice, and there is also a significant association with biomedicine. The biomedical approach is strongly emphasized by some practitioners and universities and may be seen as driven in part by a desire to increase the science base of the discipline and improve legitimacy. This is, however, at variance with the practice of many professional herbalists, who have a strong inclination toward healing and holism. This book provides a synthesis of the traditional herbal approach integrated with biomedical constructs, and it is likely to appeal both to those involved in complementary medicine and to those in mainstream medicine seeking a holistic approach.

#### About the Author

Andrew Stableford trained in herbal medicine with the School of Phytotherapy. He initiated, developed, and continues to run a successful herbal medicine practice in the UK.

## Manifesting Spirits

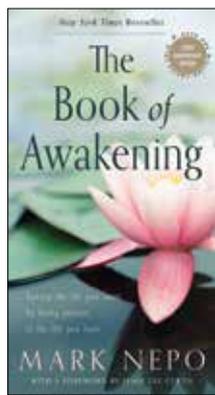

An Anthropological Study of Mediumship and the Paranormal

**Jack Hunter**

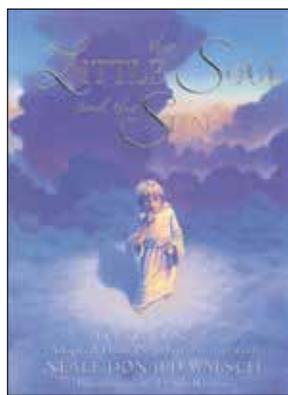

*Manifesting Spirits* is an ethnographic study of a contemporary trance mediumship development circle in suburban Bristol. The book has a particular emphasis on the ways in which extraordinary experiences had in séances lead to expanded notions of self and consciousness for both mediums and sitters, and the processes by which spirits are manifested in séance situations. Overall, the book makes strides toward the development of a nonreductive anthropology of the paranormal that embraces complexity and pushes beyond established models.

### About the Author

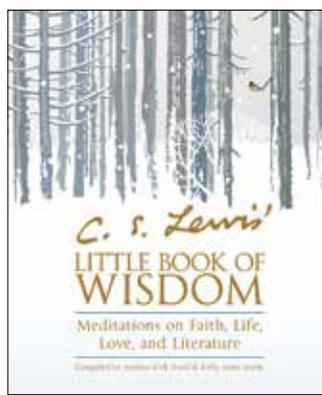

**Dr. Jack Hunter** is an anthropologist exploring the borderlands of consciousness, religion, ecology, and the paranormal. He lives in the hills of Mid Wales with his family. He is an honorary research fellow of the Alister Hardy Religious Experience Research Centre and a research fellow of the Parapsychology Foundation.

## Quotes That Will Change Your Life

A Curated Collection of Mind-Blowing Wisdom

**Edited by Russ Kick**

The right quotation can change your life. That condensed idea—expressed in just a few words or a sentence or two—can shift your thinking, trigger an epiphany, and alter your way of seeing the world. Surprising, jolting, discomfoting, and comforting insights urge us to live a full, unbridled life, question authority and reality, relate to fellow humans, create, risk, love, live with uncertainty, and stay sane in an insane world.

## Yoga 7 Minutes a Day, 7 Days a Week

A Gentle Daily Practice for Strength, Clarity, and Calm

**Gertrud Hirschi, author of *Mudras***

This little book provides basic 7-minute yoga exercises for each day of the week. The exercises are organized by the mythological and planetary significances of each particular day. For example, Monday is the day of the moon and its focus is on cleansing, introspection, and planning. The gentle daily exercises, each including a mantra and a meditation, focus on various parts of the body—from the heart and shoulders to the pelvis and the digestive tract. By the end of the week, the practitioner will have experienced full-body yoga, and every part of the body will feel energized and strong.
