**"With the original unabridged text of *Supernatural*, I offer the reader an investigation that explores the human experience with psychedelics from the Stone Age to the Space Age and the role of these extraordinary plant medicines as tools to investigate the nature of reality itself." —Graham Hancock**

Less than 50,000 years ago mankind had no art, no religion, no sophisticated symbolism, no innovative thinking. Then, in a dramatic and electrifying change, described by scientists as "the greatest riddle in human history," all the skills and qualities that we value most highly in ourselves appeared already fully formed, as though bestowed on us by hidden powers.

In *Visionary*, Graham Hancock sets out to investigate this mysterious "before-and-after moment" and to discover the truth about the influences that gave birth to the modern human mind. His quest takes him on a journey of adventure and detection from the stunningly beautiful painted caves of prehistoric France, Spain, and Italy to remote rock shelters in the mountains of South Africa, where he finds a treasure trove of extraordinary Stone Age art.

Hancock uncovers clues that lead him to travel to the depths of the Amazon rain forest to drink the powerful plant hallucinogen ayahuasca with Indian shamans, whose paintings contain images of "supernatural beings" identical to the animal-human hybrids depicted in prehistoric caves and rock shelters. Hallucinogens such as mescaline also produce visionary encounters with exactly the same beings. Scientists at the cutting edge of consciousness research have begun to consider the possibility that such hallucinations may be real perceptions of other "dimensions."

**About the Author** Graham Hancock is the author of major international nonfiction bestsellers including *The Sign and the Seal*, *Magicians of the Gods*, *Fingerprints of the Gods*, and his most recent *New York Times* bestseller *America Before*. His books have sold more than seven million copies worldwide and have been translated into thirty languages. He has appeared in the TV series *Quest for the Lost Civilization* and *Underworld: Flooded Kingdoms of the Ice Age*. Hancock's public lectures, radio and TV appearances, and his strong online presence have put his ideas before an audience of millions. He resides in the UK.

### Witness to Roswell, 75th Anniversary Edition

#### *Unmasking the Government's Biggest Cover-Up*

Thomas J. Carey and Donald R. Schmitt, authors of *UFO Secrets Inside Wright-Patterson*

Foreword by Edgar Mitchell; Afterword by George Noory

- 75th anniversary of the Roswell crash is June/July 2022.

**"When I finished *Witness to Roswell*, I said to myself, 'Case closed!' for the very wealth and sheer weight of eyewitness testimony." —George Noory, host, *Coast to Coast AM***

This classic in the field of UFOlogy is filled with hard-hitting eyewitness testimony of one of the most important events of all time: the actual recovery of a UFO outside of Roswell, New Mexico, in 1947.

*Witness to Roswell* once again provides a "can't put down" written account of what really transpired in Roswell decades ago. It pries loose the truth the government doesn't want us to know, including the revelations of Walter Haut, the US Army Air Force public information officer who issued the later-retracted official press release on the recovery of a "flying disc."

Included are a growing litany of deathbed confessions describing the "little people" recovered at the crash site; the most comprehensive time line of events ever published on this seminal event; the identity of the Boeing engineer called in to examine the exotic wreckage from the crash; and what really took place at the Roswell base hospital and what nurse actually ordered the children's caskets.

This anniversary edition includes a new introduction by the authors and additional material.

**About the Authors** Thomas J. Carey served in the Air Force where he possessed a Top Secret-Crypto clearance. Since the 90s, Tom's research has focused solely on the so-called "Roswell Incident." He resides in Huntingdon Valley, PA. Donald R. Schmitt is the former codirector of the J. Allen Hynek Center for UFO Studies, where he served as Director of Special Investigations for ten years. Presently, he is on the Board of Directors for the International UFO Research Museum.
