The Weiser Tarot

A New Edition of the Classic 1909 Waite-Smith Deck

Arthur Edward Waite, Pamela Colman Smith, and the Editors of Weiser Books

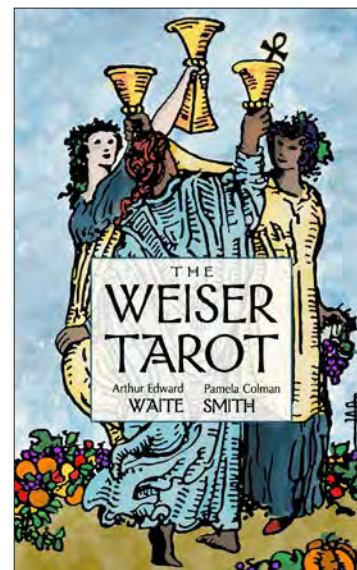

- An updated look to the most popular Tarot art ever created
- Pamela Colman Smith's original line art has been repainted creating a fresh, flowing aesthetic with coloration that is more inclusive
- An ideal deck for beginners, Tarot enthusiasts, and collectors alike

A fresh and vibrant reimagining of the classic 1909 Waite-Smith tarot.

The Weiser Tarot is a new edition of the most popular and influential Tarot art ever created, the Rider-Waite-Smith deck. The cards have been newly repainted—while, of course, preserving Pamela Colman Smith's original line art—creating a fresh, flowing aesthetic. Additionally, the cards provide Qabalistic and astrological correspondences to the Major Arcana—not included in the original Rider-Waite-Smith deck—for those seekers who have interest in the more esoteric aspects of the Tarot.

The accompanying book includes a brief history of the Tarot, the story behind the creation of this special deck, and a new “Ankh” layout created especially for *The Weiser Tarot*.

“The Weiser Tarot is a gorgeous and much-needed update to an old classic. Vibrant watercolors add new life to the images, making it a pleasure to read. I especially love the color choices for the suits—this allows the reader to see patterns at a glance. Finally, a version of the RWS that everyone will love!” —Theresa Reed, the Tarot Lady

Mexican Sorcery

A Practical Guide to Brujería de Rancho

Laura Davila

- Written by a fifth-generation Mexican witch and long-time practitioner of ensalmeria, hechiceria, bruja, and folk Catholicism

This book features spell work, spiritual cleansing, herbal magic, along with information on how to protect against the Evil Eye, and how to break or avert hexes and curses.

“Brujería de Rancho,” better known as Hechicería or “Mexican Sorcery,” was (and still is) a term used to refer to witchcraft as it is practiced in the rural areas of Mexico. There, the Hechiceras offer their healing and divinatory powers, acting as advisors, and even meting out justice through the use of cursing and hexing for people who are often not able to pay lawyers’ fees.

Laura Davila, who learned her practice at her grandmothers’ knees, presents Mexican bruja beliefs and practices to today’s readers. The tradition includes a component of folk Catholicism that will be accessible to Pagans, non-Catholics, and practitioners of Hoodoo and Conjure.

About the Author

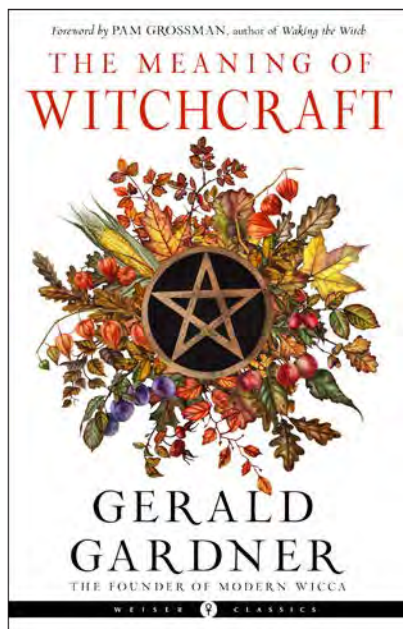

Born and raised in Mexico, **Laura Davila** has lived in the US since 2010. She identifies as a “bruja de rancho”—a “ranch witch”—a term with great resonance in Mexico indicating knowledge of botanicals and the natural world. Laura is also a Tarot card reader and a flower essence practitioner. Follow her at @daphne_la_hechicera.

The Meaning of Witchcraft

Gerald Gardner, the Founder of Modern Wicca

Foreword by Pam Grossman, author of *Waking the Witch*

- For anyone interested in the living history of witchcraft especially Wicca and other pagan traditions
- Being republished as a Weiser Classic with a foreword by Pam Grossman

A true classic from the founder of modern-day Wicca—an essential reading for anyone wanting to understand the living history of the modern-day revival of witchcraft.

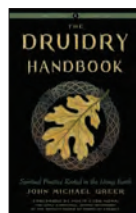

Often called the father of modern witchcraft, Gerald Gardner’s works were ground-breaking in opening the door for the modern revival of Wicca and neo-paganism. *The Meaning of Witchcraft* (first published in 1959) was the first sympathetic book written from the point of view of a practicing witch.

The Meaning of Witchcraft is an enduring and invaluable source book for witches today. This Weiser Classics edition includes a new foreword by Pam Grossman, author of *Waking the Witch*.

About the Author

Gerald Brousseau Gardner (1884–1964), was instrumental in bringing the contemporary Pagan religion of Wicca to public attention, writing some of its definitive religious texts. He introduced a string of High Priestesses into the religion, including Doreen Valiente, Patricia Crowther, and Eleanor Bone, from whom the Gardnerian community spread throughout Britain and subsequently into the United States in the late 1950s and early 1960s.

Lessons from the Empress

A Tarot Workbook for Self-Care and Creative Growth

Cassandra Snow and Siri Vincent Plouff

Foreword by Lisa Marie Basile, author of *The Magical Grimoire*

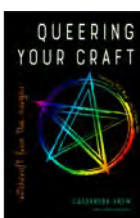

- Reveals the Empress, rather than the Fool, as the tarot metaphor for the journey toward self-care
- For the growing audience interested in magic and tarot for self-care

A hands-on workbook for using tarot to discover and express your authentic self—the foundation of true self-care.

Using the Empress (a symbol of creation and abundance) as a guide, *Lessons from the Empress* takes readers on a journey through the tarot using easy-to-follow magical rituals, tarot spreads, and creativity exercises in a way that will empower the reader to embrace their true self and express that self to the world. The journey through the tarot will take the reader through phases of self-care: Major Arcana—spiritual self-care; the Wands—self-awareness; the Swords—self-expression; the Cups—self-love; the Pentacles—self-confidence. Though this book is not specifically targeted to LGBTQ+ and other marginalized communities, it is strongly inclusive.

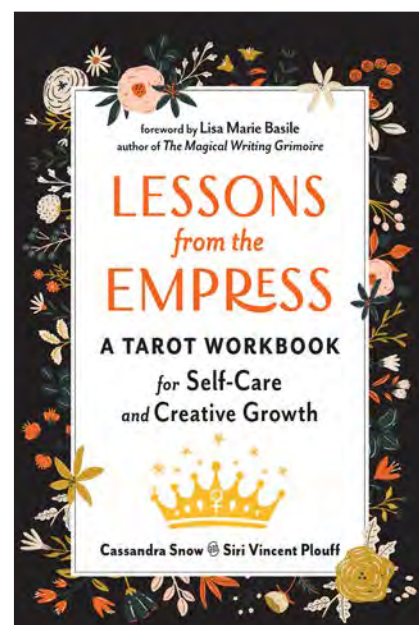

About the Authors Cassandra Snow is the two-time Weiser author of *Queering the Tarot* and *Queering Your Craft* and whose work includes teaching and writing about tarot and witchcraft as well as doing readings. Hoodoo Herbal

Folk Recipes for Conjure & Spellwork with Herbs, Houseplants, Roots & Oils

Starr Casas, author of *Old Style Conjure*

- Mama Starr is a leading authority, widely respected, with strong name recognition
- Unlike other Hoodoo or Conjure books, this one is focused on herbal recipes

The definitive guide to Hoodoo plant magic.

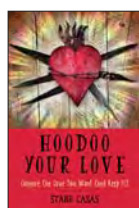

Mama Starr's *Hoodoo Herbal* contains detailed information on dozens of roots and herbs. Conjure tends to be accessible, practical, low-cost magic all of which is reflected in the herbal. This book will be of interest to lovers of herbals and students of Southern folkways, as well as the many who seek to put the information into use. In addition to detailed information about a wide variety of plants, there is also practical information about planting seeds and cutting and transplanting plants. The Journey Through Darkness to Wholeness

Cyndi Brannen, author of *Entering Hekate's Garden*

- Will appeal to the Goddess audience, Hekate devotees, and those interested in transformational work

An in-depth spiritual journey through the truths and traumas of one's past to a rebirth and renewal of personal wholeness.

To the ancients, the goddess Hekate symbolized the inner journey back to the soul. Indeed, ancient philosophers identified her as Anima Mundi, the "soul of the world." As such, she connects many archetypes associated with the cycle of life, death, and rebirth. Incorporating her personal experiences with those of her students, Cyndi Brannen weaves a supporting circle around the reader as they start their path towards soulful living, culminating in rebirth. Blending symbolism, transcendent experiences, dreams, and natural magic with sound psychological theories and practices, *Entering Hekate's Cave* guides the reader safely through the journey back to the soul.

About the Author

Cyndi Brannen, PhD, is a spiritual teacher, a trained energetic healer, psychic, and herbalist. Merging together her training in shamanism, Tarot, past-life work, meditation, and psychology, she teaches and writes about better living through witchcraft. Ancestral Grimoire

Connect with the Wisdom of the Ancestors through Tarot, Oracles, and Magic

Create Your Personal Book of Shadows

Nancy Hendrickson

Foreword by Benebell Wen, author of *Holistic Tarot*

- Connect with your past to create a personal Book of Shadows.

Most of us know our parents or grandparents and perhaps a generation or two beyond, but few are attuned to those who lived earlier. We have forgotten are our own stories. This is where the ancestors come in and where this book begins.

This book is a guide to reconnecting with your ancestors. It will show readers how to access their ancestor's unique wisdom—their magic—and create an ancestors' grimoire, a spell book or “book of shadows,” unique to their heritage.

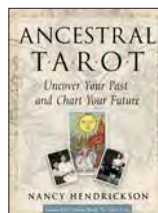

Each month, you will complete exercises that will introduce you to a specific ancestor. Through divination, intuition, and sometimes a little luck, you will learn the magic of each ancestor and how you can use their gifts to make your life a little richer, a little more fulfilling. Along the way, you'll save your ancestral work in a journal or loose-leaf binder that will become your *Ancestral Grimoire*. In addition, at the end of each month you'll encounter a challenge that may surprise you.

In the end, you will hold a personal Book of Shadows, a legacy, where every bit of ancestral knowledge within its pages is unique to you.

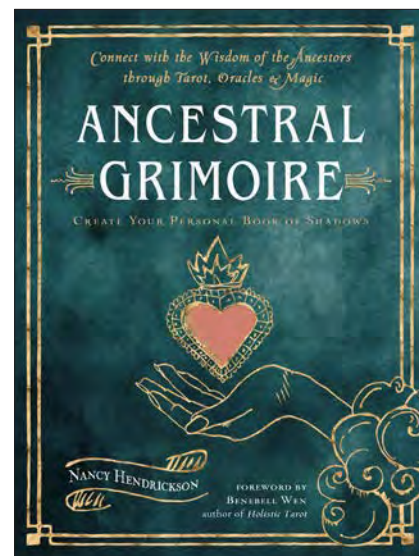

About the Author

Nancy Hendrickson is the author of *Ancestral Tarot* and several genealogy books and magazine articles. She is also a columnist for *The Cartomancer Magazine*.

From Outer Space to Inner Space

An Apollo Astronaut's Journey Through the Material and Mystical Worlds

Dr. Edgar Mitchell with Dwight Williams

Foreword by Avi Loeb, New York Times bestselling author of *Extraterrestrial*; Afterword by Dean Radin, Chief Scientist, Institute of Noetic Sciences

- The Institute of Noetic Sciences (IONS) will be supporting this new edition through their large network.

The sixth man who walked on the moon shares his journey to space, into the mind, and beyond.

In February 1971, as Apollo 14 astronaut Edgar Mitchell hurtled Earthward through space, he was engulfed by a profound sense of universal connectedness. He intuitively sensed that his presence and that of the planet in the window were all part of a deliberate, universal process, and that the glittering cosmos itself was, in some way, conscious. The experience was so overwhelming, Mitchell knew his life would never be the same.

Previously published as *The Way of the Explorer*, this edition includes a new foreword by Avi Loeb, an afterword by Dean Radin, and a postscript chapter by the author.

“Edgar was a man very willing to go where no one has gone before.” —**Avi Loeb**, *New York Times* bestselling author of *Extraterrestrial* and chair of Harvard's Department of Astronomy

About the Author

Dr. Edgar Mitchell (1930–2016), a graduate of MIT with a doctorate in aeronautics and astronautics, Captain in the Navy, was the founder of the Institute of Noetic Sciences and cofounder of the Association of Space Explorers. **Dwight Williams**, recipient of the 1989 Jovanovich Award for short fiction, is the author of *Raising Lazarus*.

Evolution Is Wrong

A Radical Approach to the Origin and Transformation of Life

Erich von Däniken

- The Father of the Ancient Alien Theory with more than 65 million books sold discusses evidence of life that have not taken the path of Darwin

A fascinating exploration on why the Darwinists' Theory no longer explains everything.

There was once a set of ideas called the theory of evolution, conceived by clever people and confirmed by countless scientists. Then people discovered the electron microscope. This made it possible to make the molecules within the cell visible, and suddenly questions about evolution arose that were not possible before. Which force actually bundles the atoms in the right order? What moves the molecular chains into the correct position? How did the first living unit within the cell actually come about? How does inheritance work, how does information pass on to the next generation? Did humans descend only and exclusively from primates—as Charles Darwin and countless other great minds assumed—or did additional “engines” intervene in evolution?

In this fascinating book, Erich von Däniken uses countless examples to demonstrate the impossibility of the previous evolutionary idea. He quotes scientists who argue against the previous teaching, but also those who defend it. If Darwin was wrong, then what does it mean for the evolution of humanity?

About the Author

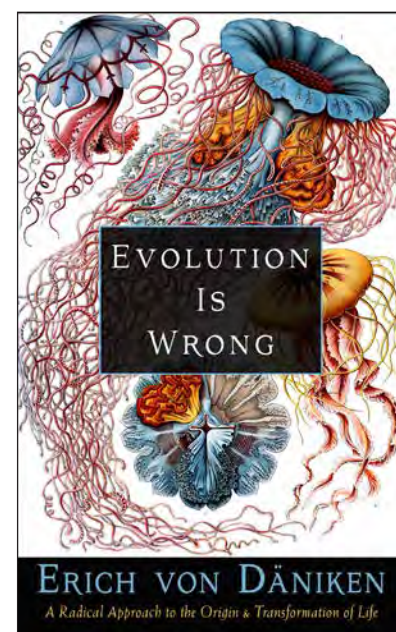

Erich von Däniken is author of the international bestseller *Chariots of the Gods*. His research organization, the A.A.S.R.A./legendarytimes.com, is comprised of laymen and academics from all walks of life who explore the contradictions of modern science.

Revelations of the Aramaic Jesus

The Hidden Teachings on Life and Death

Neil Douglas-Klotz, author of *Prayers of the Cosmos*

Foreword by Matthew Fox, author of *Original Blessing*

- An essential guide to practicing contemplative spirituality—a companion to the works of Rohr, Bourgeault, Keating, Meister Eckhart, Tolle, and Gurdjieff

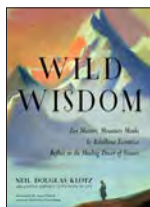

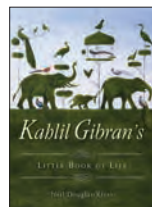

Presents the true meaning of Jesus's words as it was meant from the original Aramaic.

Through analysis and expansions of Aramaic's multiple meanings as well as guided contemplations, *Revelations of the Aramaic Jesus* shows how Jesus's deepest teachings address contemporary challenges, such as our relationships with nature and each other, as well as the purpose of life itself.

“Religion easily dies when it succumbs to rote. The Aramaic translations of Klotz cut through the rote and bring us to the deeper meanings of Jesus's teaching that can still touch our hearts, move our souls, and ignite our action.” —**Matthew Fox**, author of *Original Blessing*

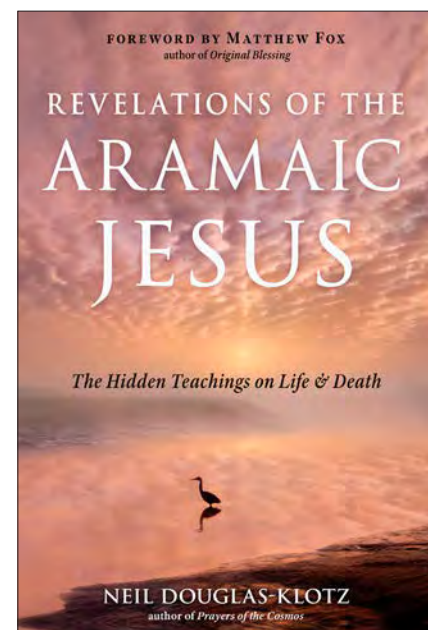

About the Author Neil Douglas-Klotz is an internationally known scholar and past chair of the Mysticism Group of the American Academy of Religion. His bestselling works include *Prayers of the Cosmos* and *The Hidden Gospel*.

How Antigravity Built the Pyramids

The Mysterious Technology of Ancient Superstructures

Nick Redfern

- A theory that ties together the construction of gigantic ancient structures around the world

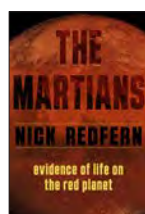

Discover the lost secrets of the ancients.

Throughout history, folklore, and mystery, tales have circulated of massive stones being moved effortlessly through the air. Could sound be the force that built the Pyramids of Egypt, Stonehenge, or the stone figures of Easter Island?

Author Nick Redfern argues acoustic levitation was at the heart of these incredible feats. As the centuries passed, the truth of the science behind acoustic levitation was lost and forgotten. Today, we are finally starting to get a grasp on this incredible technology—a technology that may have been the work of ancient humans, aliens from faraway worlds or, perhaps, a combination of the two.

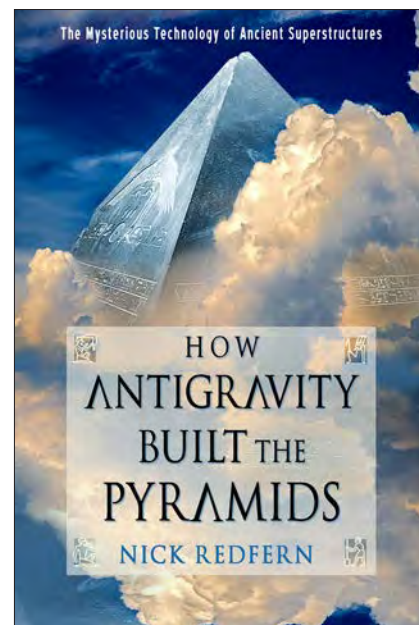

About the Author **Nick Redfern** is the author of more than sixty books. He has been on many television shows, including *UnXplained*, *Ancient Aliens* and *Proof Positive*. Nick is also a regular guest on *Coast to Coast AM*.

Earth Witch

Finding the Magic in the Land

Britton Boyd

- Reveals a holistic approach to witchcraft that is earth-centered, grounded, and that rejects the need for elaborate tools or difficult-to-find materials
- Offers activities, spells, and rituals to foster a practical attunement to the cyclical nature of the living earth

In every moment, the land is speaking—reaching out to invite you back into an ancient relationship, back into a world peopled with spirits and brimming with magic. Calling you to the gritty, grounded path of the Earth Witch.

In *Earth Witch: Finding the Magic in the Land*, witch, herbalist, and teacher Britton Boyd shares the lessons and powerful practices of an organic spirituality rooted in the natural world. This is witchcraft raw and real, unfettered by the bounds of spiritual capitalism; this is the witchcraft found in thrift stores and free boxes on the side of street...traded, bartered, lost, and found again. In the ceaseless ebb and flow, this is a spiral journey into the heart of the living landscape.

Enriched with stories, spells, and rituals, *Earth Witch* is an invitation into radical transformation in service to the planet we call home. Open the invitation. Read the book. Heed the call.

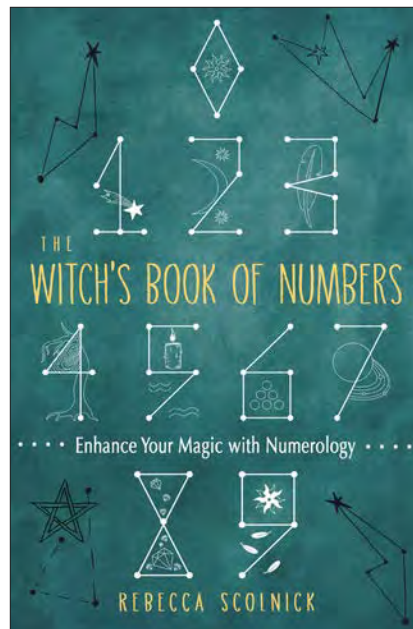

About the Author

Britton Boyd is an animist, witch, writer, tarot reader, potion maker, and herbalist residing in the high desert mountains of Northeastern Oregon. In 2017 she hiked the entirety of the Pacific Crest Trail, an experience that made beautifully and agonizingly concrete the wisdom of earth-based, animistic witchcraft. J.R.R. Tolkien For Beginners

Louis Markos

Illustrated by Jeff Fallow

- Excellent compendium to any Tolkien related course
- Exceptionally readable and entertaining, with black and white illustrations to supplement the text

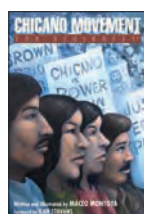

J.R.R. Tolkien For Beginners will introduce the reader to the multilayered depth and breadth of Tolkien's tales of Middle-earth, which critics, following Tolkien's lead, refer to collectively as his legendarium.

It will be the goal of *J.R.R. Tolkien For Beginners* to introduce the reader to the multilayered depth and breadth of Tolkien's tales of Middle-earth. To do justice to the full dimensions of that legendarium, author Louis Markos will speak in two voices: that of the storyteller who loves the stories he tells and that of the critic who seeks to identify and explicate key themes from those stories. In his telling and analysis, he will treat the legendarium both as a collection of secondary-world myths with their own integrity and as a reflection of Tolkien's worldview.

About the Author and Illustrator

Louis Markos is a Professor of English and Scholar in Residence at Houston Baptist University, where he holds the Robert H. Ray Chair in Humanities. Jeff Fallow has been illustrating For Beginners books since 1999.

Casting Lots

Ancient Hebrew Divination Magic

Elisheva Neshet

Foreword by Diana L. Paxson, author of *Taking Up the Runes*

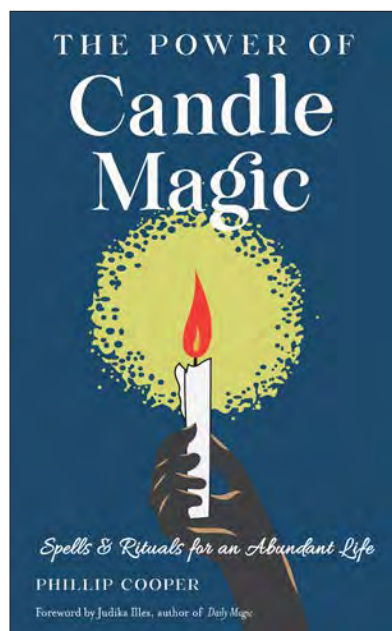

- The first book to explore the Hebraic divination technique of casting lots for Jews and non-Jews alike.

A practical guide to the lost art of lot-casting, an ancient Hebrew system used for divination, healing, blessing, cursing, magic, meditation, and spiritual interaction.

A set of lots contains twenty-two small discs with each one bearing one of the twenty-two letters of the Hebrew alphabet. In a manner similar to runes, these lots are then cast and interpreted.

Author and seer Elisheva Neshet has reconstructed the ancient art of lot casting for modern times. *Casting Lots* contains explanations for each of the twenty-two lots, exploring their meanings, both mystical and mundane. It also includes detailed instructions on how to cast as well as craft your own set of lots.

About the Author Elisheva Neshet, the elected leader of Am Ha Aretz (Primitive Hebrew Assembly), has been a spiritual teacher and mentor since the 1990s. Neshet is originally from Galilee and studied archaeology in Tel Aviv.

Living Thelema

A Practical Guide to Attainment in Aleister Crowley's System of Magick

David Shoemaker

Foreword by **Lon Milo DuQuette**, author of *The Magick of Aleister Crowley*

- Designed for anyone interested in putting Crowley's philosophy into practice as a spiritual discipline and magicians of all stripes, both beginners and advanced students

Shoemaker's down-to-earth approach, informed by his work as a clinical psychotherapist, brings a uniquely practical dimension to the understanding of Thelema without watering it down.

The system of spiritual attainment developed by Aleister Crowley is notoriously challenging in its scope. *Living Thelema*, brings a welcome approachability to Crowley's material, without diminishing the depth of the system. The author focuses on the practical and experiential aspects of the path of Thelema, allowing the reader to grasp the true transformative power of the system. The author's background as a practicing psychotherapist brings an entirely unique fusion of esoteric wisdom and cognitive science to this book.

"In this entertaining and (dare I say it?) lively book, David Shoemaker reminds us that Thelema is not just a philosophy or a study but a spiritual practice. From applied 'how to' advice to thought-provoking 'how about' posers, Dr. Shoemaker offers his personal take—informed by twenty years of walking the talk, along with his incisiveness as a professional therapist—on how to get the most out of the fundamental Thelemic practices of yoga and ritual, both inside and outside of the temple." —**Richard Kaczynski**, author of *Perdurabo*

About the Author

David Shoemaker is a clinical psychologist in private practice, specializing in Jungian and cognitive-behavioral psychotherapy. He is also a long-standing member of Ordo Templi Orientis and A.'.A.'. .

The Magick of Aleister Crowley

A Handbook of the Rituals of Thelema

Lon Milo DuQuette

- There is a growing audience drawn to Crowley's ideas but can't get through his, at times, opaque writing style.
- Interest in ritual magick is on the rise. This edition is newly re-typeset and includes a new preface by the author.

The classic guide to Thelema is the perfect introductory text for readers who are drawn to Crowley's work rather than the myths and controversy that surround him.

Famed occultist Lon Milo DuQuette begins by dispatching some of the myths that have surrounded Crowley's life and legend. He then explores the practice of rituals themselves, unpacking Crowley's often opaque writing and offering his own commentary. Step by step, and in plain English, he presents a course of study with examples of rituals and explanations of their significance. DuQuette also includes a survey of many of Crowley's original works with an extensive bibliography and endnotes.

Formerly titled *The Magick of Thelema*, then released in a revised edition published in 2003, this Weiser Classics edition includes a new introduction by the author.

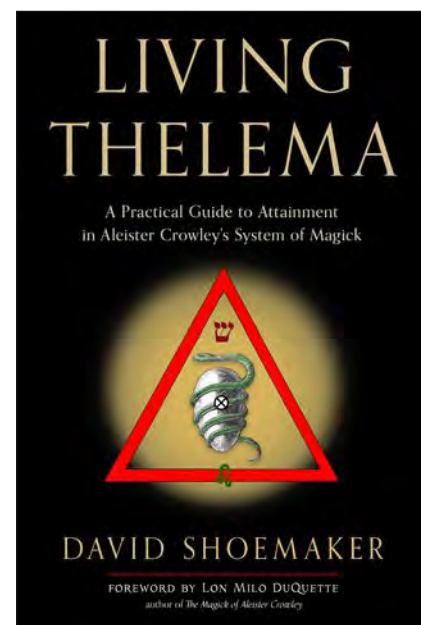

About the Author

Lon Milo DuQuette is a bestselling author and lecturer. He is currently the US Deputy Grand Master of Ordo Templi Orientis and is on the faculty of the Omega Institute in Rhinebeck, New York.

Derek R. Seagrif

An exploration of the incredible world of symbols and symbolism.

Working with symbols unfolds one's intuitive sensitivities—they are the doorway to the Soul—the major focus of the purpose underlying this work. The author is exploring the symbol systems of Astrology, Tarot, and the Tree of Life, and combining them into a working whole, presenting an in-depth course of study.

The main goal of Volume One is to introduce the reader to a new way of working with Astrology, by placing the horoscope upon the Kabbalistic Tree of Life, thus creating a personal Flow Chart or Mandala.

Volume Two turns its focus deeper into the intertwining symbolism of Tarot and the Tree of Life

About the Author Derek R. Seagrif is an internationally recognized astrologer, teacher, lecturer, author, and astro-therapist, grounded in PsychoSynthesis.

The Secret Life of Pigs

Stories of Compassion and the Animal Save Movement

Richard Hoyle and Anita Krajnc

An engaging and enlightening book about pigs and the special humans that rescue, care and advocate for them.

From factory farms to sanctuaries, pigs live rich and complex lives often hidden from us. In this two-part book, Marine veteran Richard Hoyle and renowned activist Anita Krajnc give us an in-depth look into their experience caring for pigs—and its cost.

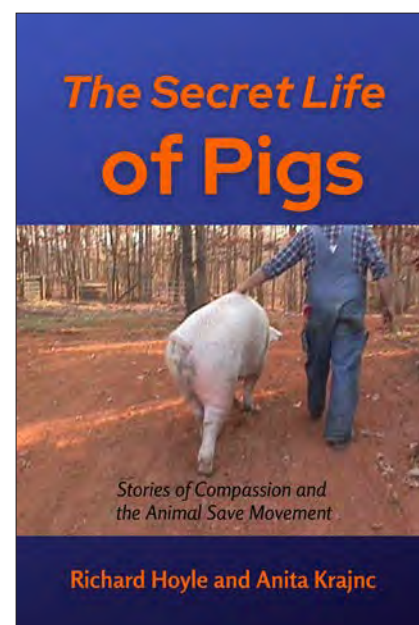

From his Pig Preserve sanctuary in Tennessee, Hoyle describes the many challenges and lessons that come with caring for pigs for thirty-six years. He takes the reader on a journey about the unique way these pigs changed his life with transformative love and care. Each pig's personality shines through the page.

The second part of this book presents the reality of a pig's life under the control of humans. Anita Krajnc describes her own experiences with pigs—the dark and violent world of factory farming. Arrested in 2015 for offering water to pigs inside of a commercial trailer, Krajnc speaks out against the treatment of these caring and intelligent creatures.

The Secret Life of Pigs features over twenty sanctuary photos and is an artfully written, accessible narrative.

About the Authors

Richard Hoyle, a former marine and career firefighter, founded the Pig Preserve in 2006 with his wife Laura, and has provided loving care, community, and sanctuary to thousands of pigs consistent with their natural environment. **Anita Krajnc** is the co-founder of Toronto Pig Save and the Animal Save Movement, a worldwide network of Save groups bearing witness to farmed animals and promoting veganism and love-based, grassroots activism.

Animal Elegies

Gordon Meade

Foreword by Jo-Anne McArthur

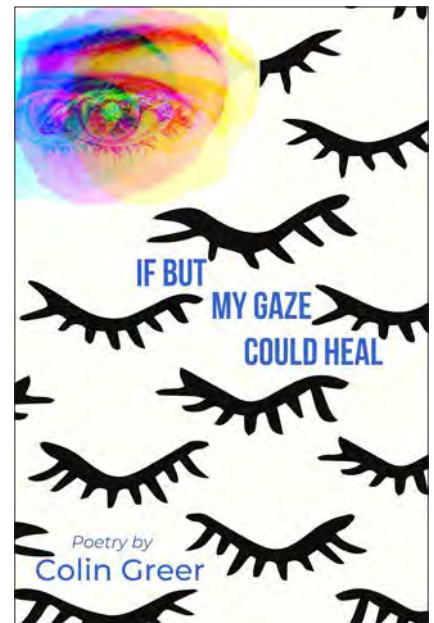

- The third volume in Lantern's unique series of poems and images charting the lives of animals in the human environment

Scottish poet Meade's second volume of poems reflecting on the lives of animals as photographed by award-winning photographer Jo-Anne McArthur.

Organized into seven sections that cover the experiences of nonhuman animals in factory farms, industrial fisheries, live markets, entertainment, religion, fashion, and the climate crisis, each of Meade's poems takes the form of an elegy "penned" by the nonhuman animals who, due to many different circumstances, find themselves on death row. Featuring 40 evocative photographs, the tenor of *EX-POSED* is direct and unapologetic, with each poem attempting to capture the essence of the creatures and the horrific situations in which they find themselves.

About the Author

Gordon Meade is a Scottish poet based in the East Neuk of Fife. He has been the Creative Writing Fellow at the Duncan of Jordanstone College of Art, and the Royal Literary Fund Writing Fellow at the University of Dundee.

If But My Gaze Could Heal

Poetry by Colin Greer

- Ideal gift for poetry lovers and the social and politically inclined

An engaging, moving, and poignant book of poetry from a well-known leader and educator.

Colin Greer knows a lot about a lot. His rich life as an educator and author/playwright, emersed in the social and political justice trenches, is reflected in his latest poetry book. *If But My Gaze Could Heal's* 150 poems are thoughtfully broken into five thematic chapters: With or Without Which, Mischief and Melancholy, Stick out your Tongue, Phew!, and What is Hidden and Hidden From.

The Reverend Billy Talen, founder of the radical performance group Church of Stop Shopping exclaimed, "reading Gaze made my hair change color."

About the Author

Dr. Colin Greer has been the President of the New World Foundation, a visionary progressive democracy organization, since 1985. Trusting Change

Finding Our Way Through Personal and Global Transformation

Karen Hering

- Builds on a popular two-month program, "Crossing and Blessing Our Thresholds," that the author leads every year at Unity Church-Unitarian in St. Paul Minnesota

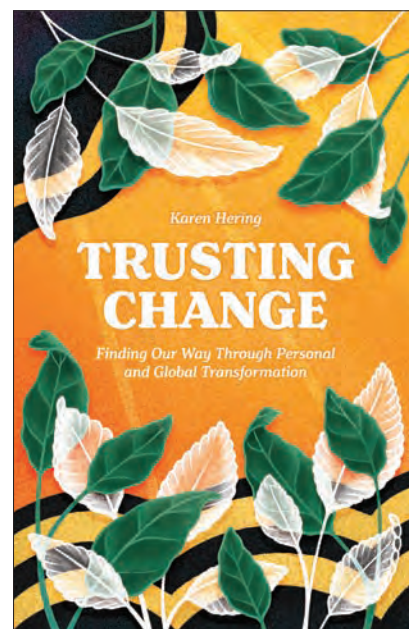

In *Trusting Change*, minister and award-winning writer Karen Hering offers pastoral support and spiritual skills building for individuals on the cusp of personal change within the collective context of a world that is reshaping itself at a faster pace than ever.

This book's ten thresholding skills give readers practical tools for living on the threshold and through change, but this is not a typical "how-to" guide and its beautifully written and evocative language will connect readers with their own deeper consciousness. From the book's first page, the reader is greeted by a warm storyteller ready to journey with them through uncertainty and change.

Sharing wisdom found in nature and in metaphors, the reflections include evocative questions and creative, often embodied exercises that invite the reader into a larger story of change. This book is a conversation with the reader meant to also stir conversations between readers as we learn to live into and through our transformative times together.

About the Author

How to Win Friends and Manage Remotely

McKenna Sweazey, former head of Global Marketing, *Financial Times*

- Shares that the most powerful tool to managing others remotely is empathy which leads to greater communication and influence

A modern approach based on classic management styles for working and managing people remotely.

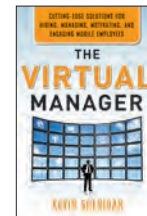

How do you manage a poor performer over Zoom? How do you casually deliver positive feedback via Slack? What's the most professional use of a gif?

How to Win Friends and Manage Remotely shares real-life examples, scientifically proven ideas, and distillations of tried-and-true business tenets—all mapped to a new virtual-first office. This book is a handbook—a step-by-step guide to common interactions in the workplace, using eight classic management examples: from digitizing your onboarding journey, to helping new recruits, to delivering useful feedback over video conference. Combining academic research and personal experiences across various companies, roles, and countries, this is a roadmap to get readers through the WFH (work from home) quagmire and help us all be more cognizant of others' perspectives in this brave new world.

Even as companies shift to “normal,” it isn't the same. Two things are certain with this shift: First, we will never go back to “the way things were.” Second, we all must learn to live in a virtual workplace. If we are managers, that means we also need to know how to communicate with, motivate, and coach virtual teams.

About the Author As an accomplished global executive, both in corporates and start-ups and with a top-rated global MBA (INSEAD), **McKenna Sweazey** has had to hone her interpersonal relationship skills over Skype, Google Hangouts, Slack, Zoom, and good old-fashioned phone lines. She also worked at the venerated *Financial Times* as head of global marketing. Currently she is the VP of marketing at an early-stage start-up.

The Three Waves of Volunteers and the New Earth Dolores Cannon

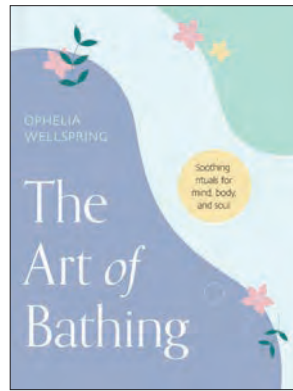

This is a fascinating narrative that reveals the cosmic forces that have been in play for the past seven decades.

In 1945 when the atomic bombs, our "protectors" in outer space saw that Earth was on a collision course with disaster. Because of their prime directive of non-interference, they couldn't interfere from the "outside," but maybe they could influence from the "inside." So the call went out for volunteers to come and help.
