The Fright Before Christmas

Surviving Krampus and Other Yuletide Monsters

Jeff Belanger

Illustrated by T. Reed

- The author is a well-known paranormal authority with an active following online and at conventions/festivals
- Krampus and “Creepy Christmas” have been gaining steam the last decade and, after a hit movie in 2015, are even further embedded in our culture due to festivals around the world
- An attractive, richly illustrated four-color package fit for promotion from the beginning of October until Christmas
- Design note: PLC with matte lam, gold foil stamping, and forked-tongue ribbon marker

Step into the dark roots of Christmas past where the Krampus punishes the bad boys and girls.

Christmastime can be a creepy time of year, filled with devilish creatures lurking in the shadows and waiting to get us. Best known is Krampus, who has been the subject of films and songs. There was a time in the late 1800s when people sent Krampus cards, not holiday greetings. There are other dangerous monsters from all over northern climes who have been hunting naughty children for centuries. From shapeshifters to mountain trolls, from elves to heavy-handed cohorts of Saint Nicholas, the Christmas holiday has been filled with ghosts and monsters ready to dole out punishment to those who deserve it.

The Fright Before Christmas delves into the folklore of Krampus and his friends, the elf-like Tomte and the goblinous Karakoncolas. The Belsnickel is ready to hit us with his switch of sticks, and Gryla may drag you back to her mountain lair. And watch out for the Yule Cat, ready to pounce! These are just a few of the yuletide beasts coming for us.

Featuring a well-researched, engaging text coupled with vintage postcard art, *The Fright Before Christmas* is for everyone who loves a little darkness around the holidays.

Be good, or the Krampus will get you!

The Shaman's Path to Freedom

A Toltec Wisdom Book

don Jose Ruiz

Foreword by don Miguel Ruiz, author of *The Four Agreements*

- Author is a well-known Toltec shaman and author of numerous books, including the *New York Times* bestseller *The Fifth Agreement*, which he coauthored with his father, don Miguel Ruiz, author of *The Four Agreements*
- Offers shamanic tools and practices that lead to self-love, self-forgiveness, and self-acceptance
- Invites readers to see the story of their lives as an epic adventure that will lead to personal freedom

Humanity is in crisis.

War, poverty, environmental disasters, and more have brought the planet to a tipping point. In our personal lives, many of us carry deep-seated fear, resentment, anger, and even hatred for others and ourselves.

Since ancient times, Toltec shamans have taught that the root of all this discord can be found in the human mind and what they called its addiction to suffering. They have also taught that the time will come when we must choose to either break free from this addiction or pay the ultimate price.

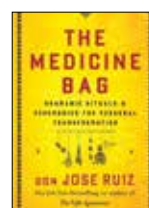

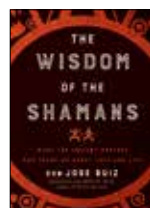

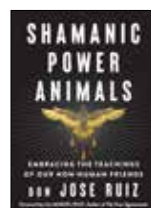

According to Toltec Shaman don Jose Ruiz, that time is now, and the change that is needed can only come from within.

In *The Shaman's Path to Freedom*, Ruiz will teach you how to find and claim your own personal freedom, one based on unconditional love for yourself and others, and in doing so break your mind's addiction to suffering. By walking this path, you can live a life of peace and harmony within yourself, which is the most important thing you can do to bring about the change that is needed in the world.

Filled with Toltec practices for establishing personal freedom, *The Shaman's Path to Freedom* is don Jose Ruiz's most personal and radical book yet, guaranteed to thrill both new readers and longtime fans.

"While the Toltec tradition recognizes the deep spiritual truth that we are all one, there are certain actions that every person must undertake for themselves. Although we can help each other, inspire each other, and encourage each other to the best of our abilities, we cannot do the work of awakening for one another, and we cannot give our own freedom to another person. Each person must find their own path to freedom, by taking courageous action and engaging skillfully with their own heart and mind. The good news is, everything we need to become free is already inside of us, and the aim of this book is to serve as a humble guide to finding your own way back home. The nagual in us is always there, waiting to be cultivated; the artist's brush is only waiting for us to create the masterpiece of our lives." —from *The Shaman's Path to Freedom*

Tarot for the Hard Work

An Archetypal Journey to Confront Racism and Inspire Collective Healing

Maria Minnis

Foreword by Rashunda Tramble, author of *Numinous Tarot* and founder of *staywoketarot.com*

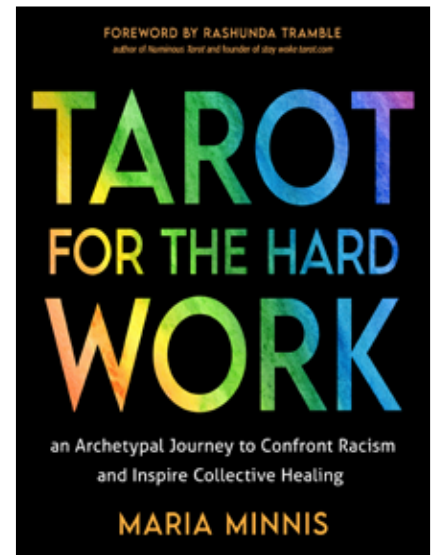

- Tarot as a tool for self-inquiry and social action
- For tarot readers looking to “do the work” using the tarot
- The author’s *Antiracism with the Tarot* blog series is read by thousands of people each week

A provocative exploration of the twenty-two Major Arcana cards that provides readers a personal understanding of systemic racism—and what steps we can take to begin to dismantle it.

Tarot has always been a powerful tool for introspection and inner work. So what better tool to use when we’re ready to do the *really* hard work. Author Maria Minnis takes a radical new look at the Major Arcana in this tarot workbook that illuminates the various ways racism takes root in ourselves, manifests itself in the world, and how these insights can be turned into self-awareness, self-love, and positive social action.

Tarot for the Hard Work highlights some of the reversed, shadow aspects of each Major Arcana card in relation to the different ways that racism shows up in our lives. The book will consider the upright, or benevolent, aspects of each card and how readers can use those themes to dismantle internalized racism, racism in our relationships, and racism in our communities. As you move from the Fool to the World card, you’ll discover that everything we do ripples beyond us and that there are practical ways to change our actions and perspectives. You’ll find possibilities for liberation work within yourself, your relationships, and your community.

“Tarot encourages us to embody different archetypes to energize different parts of ourselves to deepen our lives. If we can use tarot to inspire and illuminate different facets of personal care, why can’t we do the same with community care? . . . This book is a tool for passionately demolishing structural oppression. It is a tool for white people who want to use their privilege for mass liberation. It is a tool for Black and Brown people to dismantle the internalized self-hatred and shame that racist social structures put on marginalized folk. It is a tool for action. It is a tool for going beyond baby steps. It is a tool to push your comfort zone. This work isn’t supposed to be easy. We have to get through the Tower to make it to the Star.”

Scott Cunningham—The Path Taken

Honoring the Life and Legacy of a Wiccan Trailblazer

Christine Cunningham Ashworth

Foreword by Mat Auryn, author of *Psychic Witch*

- Scott Cunningham was a pioneering author whose books on Wicca and magical arts remain bestsellers
- The year 2023 is the thirtieth anniversary of his death

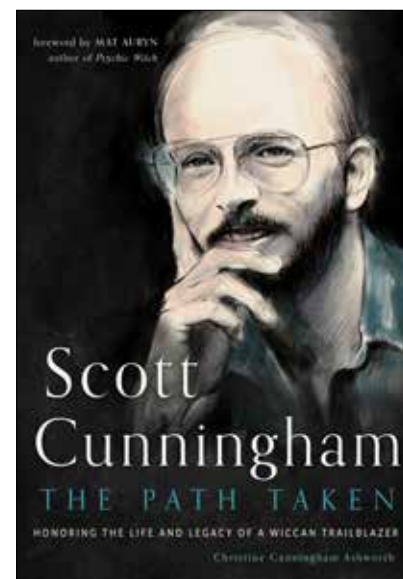

A moving portrait of the iconic figure who led the way in establishing Wicca in North America—with remembrances of his life by his sister and appreciations written by key figures in today's world of witchcraft, magic, tarot, and astrology.

Scott Cunningham (1953–1993) continues to be one of the leading lights of modern witchcraft. His pioneering book *Wicca: A Guide for the Solitary Practitioner* radically altered the practice of Wicca, enabling practitioners to self-initiate. Scott's many other books, especially his encyclopedias, remain popular to this day. In recent years, he has also been celebrated as a queer icon, especially in the witchcraft world. Although so many people have come to Wicca and paganism through his books, little is actually known about Scott Cunningham as a person and about his spiritual life.

His little sister, Christine Cunningham Ashworth, seeks to remedy that. In this book, she writes of Scott's childhood and his legacy. Featuring a foreword by Mat Auryn, this book also contains contributions from Stephanie Rose Bird, Amy Blackthorn, Benebel Wen, and others.

About the Author

Christine Cunningham Ashworth is the younger sister of author and witchcraft pioneer Scott Cunningham. Since 2017, Christine has become an established part of the cartomancy, witchcraft, and tarot communities. She presents regularly at conferences, primarily discussing her brother and his life's work.

Rhonda McCrimmon

Foreword by HeatherAsh Amara, author of the *Warrior Goddess* series

- Author is a Celtic shaman and founder of the Centre for Shamanism

Celtic shamanism (aka European shamanism) is an ancient spiritual tradition whose origin predates the arrival of Christianity in northern Europe. One of its central beliefs is that the spirituality you seek is inside you.

In this groundbreaking book, Rhonda McCrimmon explains the origin and practices of Celtic shamanism and teaches readers about the three energetic cauldrons and how to work with them.

Regardless of your ancestral roots, Celtic shaman Rhonda McCrimmon invites you to partake of this ancient wisdom and begin your journey down the shaman's path.

About the Author

Rhonda McCrimmon is a Celtic shaman committed to creating shamanic pathways for those who have been disconnected from their animist lineage and heritage. Walking a shamanic path for nearly a decade, Rhonda makes shamanic practices accessible for all within an ethical, loving, spiritual tribe.

Priestess Path

13 Powerful Lessons to Build Your Inner Strength

Stacey Demarco

- *Priestess Path* is both a self-development book and a movement—created by the author of the bestselling *Queen of the Moon Oracle*
- Includes the mythos and stories of the gods and goddesses

***Priestess Path* offers thirteen powerful lessons to build unshakeable power from the inside out and to rise to the sacred challenge of leadership and service.**

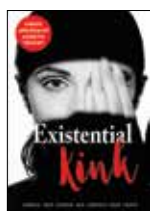

In the ancient world, priestesses were the wise women who served the people and were the active conduit between the gods and their messages. They offered healing, virtue, leadership, and insight. In our modern times, women are tired; their responsibilities can be overwhelming: high powered jobs, families, caring for their young, possibly caring for elderly parents, as well as trying to find time for themselves. Almost everywhere in the world, women are still the primary caregivers of children and do most of the domestic work within the home, even if they also have a job outside the home.

This practical guide offers lessons both ancient and modern to guide us to rise into our own unshakeable inner power. The book invites us to consider the timeless mythos of the cultures of the world for direction to build our resilience, strength, and confidence, as well as our capacity for profound joy, creativity, and focused action.

About the Author

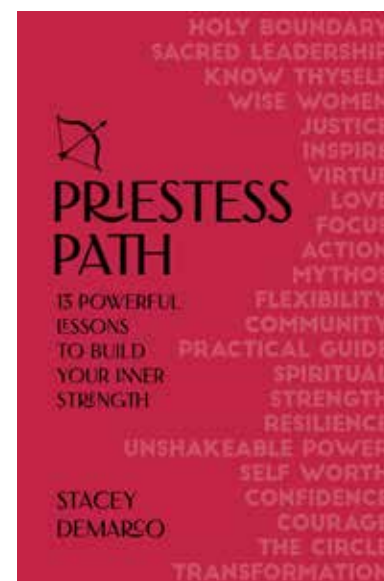

Stacey Demarco has been teaching around the world for over twenty-five years. Her passion is to bring the power of mythos and practical magic to everyone. The Language of Lenormand

A Practical Guide for Everyday Divination

Erika Robinson

- An easy divination system long popular in Europe is now gaining in interest in North America
- For use by those new to Lenormand, as well as by seasoned card readers who wish to expand their skills

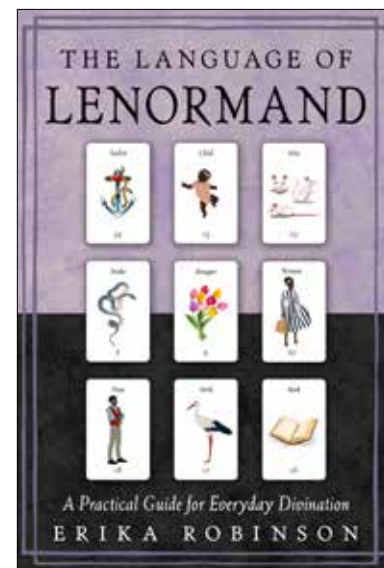

A much-needed guide to this increasingly popular divination system, written by a Lenormand master and teacher.

The Lenormand deck, consisting of thirty-six numbered and named cards, has been popular in Europe for centuries; now it has been embraced in North America by tarot enthusiasts, oracle readers, and others. Unlike the arcane imagery of tarot, each Lenormand card depicts an image from our daily lives—a fox, a snake, a coffin, or a book, for example. This makes the Lenormand system an easy entry point to divination.

Respected Lenormand authority Erika Robinson provides a guide to the meanings of each card, so no prior knowledge of Lenormand is required. This is also a sophisticated book that takes Lenormand reading to the next level and is suitable for those who are already familiar with it.

About the Author

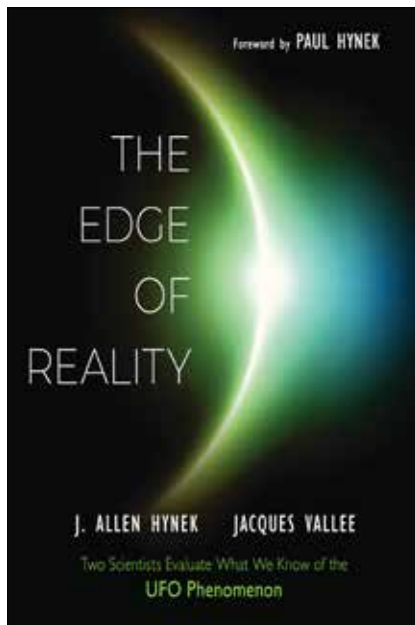

Erika Robinson, an educator, blogger, and an expert Lenormandist, is a frequent presenter at cartomancy conferences in the US and internationally. She is also a contributor to *The Cartomancer* magazine. Find her at erikarobinson-lenormand.com.

The Edge of Reality

Two Scientists Evaluate What We Know of the UFO Phenomenon

J. Allen Hynek and Jacques Vallee

Foreword by Paul Hynek

- Authors are two of the most respected names in UFO research
- This new edition features a new introduction by Jacques Vallee and a new foreword by Paul Hynek

Two eminent scientists debate UFO incidents, persuasive cases, and exploration of what we still need to know about the phenomena.

From the outset, Hynek and Vallee make their position clear: UFOs represent an unknown but real phenomenon. The far-reaching implications take us to the very edge of what we consider the known and real in our physical environment. In this mind-stretching book, the authors sample UFO reports, including those allegedly involving humanoids, and describe the patterns that have been perceived in the behavior of the phenomenon. They also establish a framework for the further study of the UFO phenomenon.

The Edge of Reality is a deep dive into the discussion between Hynek and Vallee and covers many facets of the UFO phenomenon. Originally published in 1975, this edition includes a new introduction by Jacques Vallee and a foreword by Paul Hynek.

About the Authors Dr. J. Allen Hynek (1910–1986) served as official astronomical consultant to the U.S. Air Force's Project Blue Book. He was an astronomer and professor of astronomy at Ohio State University and later became chairman of the astronomy department at Northwestern University in Chicago. Dr. Jacques Vallee has long been regarded as the most respected and senior scientific investigator of unidentified aerial phenomena (UAPs). He was the inspiration for the French UFO researcher in Steven Spielberg's *Close Encounters of the Third Kind*.

The Miracle of Our Universe

A New View of Consciousness, God, Science, and Reality

Bernard Haisch and Marsha Sims

- The author is an astrophysicist who has worked extensively for NASA
- Provides a transformative new model of how to understand ourselves in the universe

Is our physical universe actually a virtual simulation that is thought into existence by consciousness? Noted astrophysicist Bernard Haisch explores the frontiers of science, consciousness, and God, revolutionizing our understanding of the universe and what's behind it all.

Without consciousness, there is nothing. Have you ever wondered why and how the world around you came to exist and whether there might be an afterlife experience awaiting you after your physical body dies? Might there actually be a God and a heaven of some sort? The hypothesis presented in this book is that our seemingly physical universe of matter and energy is a virtual simulation that has been thought into existence by a universal consciousness that we call God.

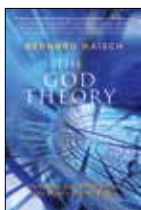

The Miracle of Our Universe explores the research at the forefront of science and spirituality.

"A fascinating, comprehensive, and accessible exploration of life's most fundamental questions. If you're wondering who we are and why we're here, this book is a great place to start." —**Mark Gober**, award-winning author of *An End to Upside Down Thinking* and board member at the Institute of Noetic Sciences

About the Authors

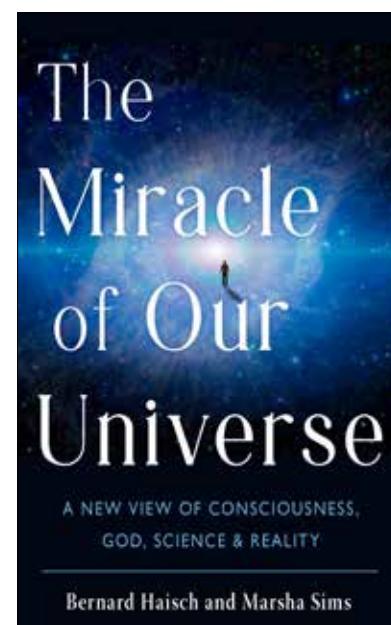

Bernard Haisch, PhD, is an astrophysicist, author of over 130 scientific publications, was a scientific editor of the *Astrophysical Journal*, and is the author of *The God Theory* and *The Purpose-Guided Universe*. **Marsha Sims, MM**, has a multidisciplinary background. The Synesthesia Experience

Tasting Words, Seeing Music, and Hearing Color

Explore the Creative World of Intersensory Phenomena

Maureen Seaberg, author of *Fearfully and Wonderfully Made*

- Synesthesia is a blending of the senses wherein, for example, individuals can see color from sound or taste the flavor or texture of a word
- Synesthesia research is helping show how the human brain works and how much we still need to unlock and understand about ourselves
- Maureen Seaberg (herself a synesthete) has a new book, *Fearfully and Wonderfully Made: The Astonishing New Science of the Senses*, coming out from St. Martin's Press in August 2023.

Explores a dimension of synesthesia long encountered in reports of synesthetes: its relation to mystical and artistic vision . . . fascinating accounts. —Patricia Lynne Duffy, author of *Blue Cats and Chartreuse Kittens*

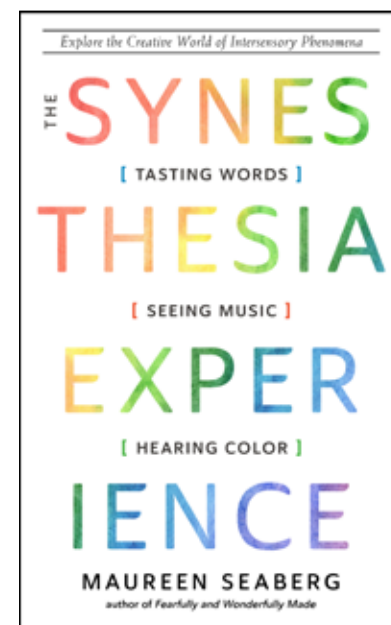

What happens when a journalist turns her lens on a mystery happening in her own life? Maureen Seaberg did just that and lived for a year exploring her synesthesia. The wondrous brain trait is often described as blended senses, but for Maureen, synesthesia is not an idle "brain tick" that can be explained away by science (although science does offer some important clues). It is a unique ability to tap in to and reveal a greater creative universe and even the divine.

Join her as she visits top neuroscientists, rock stars, violinists, other synesthetes, philosophers, savants, quantum physicists, and even Tibetan lamas in her journey toward the truth. Famous synesthetes and experts interviewed in the book include: Billy Joel, Itzhak Perlman, Pharrell Williams, and Dr. Amit Goswami.

This edition replaces the previous edition titled *Tasting the Universe*.

About the Author

Maureen Seaberg's column in *Psychology Today* was the first to report on the groundbreaking developments surrounding our senses. She has been a contributor to the *New York Times*, *National Geographic*, *Vogue*, and many other publications, and she has appeared on CNN, NPR, Oprah Radio, MSNBC, and PBS.

The Sorcery of Solomon

A Guide to the 44 Planetary Pentacles of the Magician King

Sara L. Mastro

- A practical guide to mastering the magical powers of Solomon's famed "planetary pentacles"
- Sara Mastro presents a complete, fresh translation of all forty-four pentacles

A user's guide to working with the forty-four magical pentacles, or magical symbols, found in *The Key of Solomon*, the renowned occult grimoire ("spell book").

The 15th-century occult text *Clavicula Salomonis* ("Key of Solomon") is a classic grimoire most notably as translated by S. L. Mathers in 1889. The *Clavicula Salomonis* presents Solomon's famed forty-four planetary pentacles but offers very little guidance on how to work with these spells. Sara Mastro, a leading teacher and practitioner of magic, translates and interprets each of the forty-four pentacles, or seals, and presents a practical method for working with their magical powers.

Intended for advanced magicians but of interest to all occultists, *The Sorcery of Solomon* places *The Key of Solomon* in a historical and folkloric context; presents a complete, fresh translation; and guides the reader through the process of working with the pentacles of Solomon.

Sara L. Mastro is the co-owner of Mastro & Zealot, where she offers courses on practical magic and divination. She has been a contributor to *Witches & Pagans*, *Cartomancer Magazine*, and other magazines. Visit her at mastroszealot.com.

Witch Hunt

A Traveler's Journey into the Power and Persecution of the Witch

Kristen J. Sollée

- First paperback edition
- From the author of *Witches, Sluts, Feminists*

"A transcendent travelogue that guides readers through the history, places, and people of several of the many witch hunts and how their legacy continues to impact us today." — Pam Grossman, author of *Waking the Witch*

Between the 15th and 17th centuries, a confluence of political, economic, and religious factors ignited a witch hysteria like a wildfire across Europe and, later, in parts of America. And women were disproportionately punished as a result.

By infusing an adventurous first-person narrative with extensive research and moments of imaginative historical fiction, Sollée makes an often-overlooked period of history come alive.

This paperback edition includes a new Afterword by the author and an updated travel resources section.

"An impeccably researched and keenly felt book; to read it is to enter into a romance with the witch."
—**Amanda Yates Garcia**, author of *Initiated* and host of the *Between the Worlds* podcast

About the Author

Kristen J. Sollée is the author of three books on the legacy of the witch, including *Witches, Sluts, Feminists*. Devoted to the interplay between art, gender, and occulture, Kristen's work has recently appeared in *National Geographic*, *The Guardian*, *Dazed*, *Teen Vogue*, and *Atlas Obscura*.

The Astrology of Fate

Your Place in the Unfolding Cosmos

Weiser Classics

Liz Greene

- For newer students of astrology who are moving into intermediate and advanced studies
- Liz Greene offers depth and substance for serious students

Using myths, fairy tales, and zodiacal signs, renowned astrologer Liz Greene takes readers on a journey exploring the role of fate in the psychological processes of personal self-realization.

In this masterwork, Liz Greene confronts and questions the issue of *fate* head on and addresses its relationship to astrology. In so doing, she also renders a broader perception of just what fate is: an unfoldment of natural processes rather than predestined or preordained events in the individual's life.

Through the use of myth, legend, dreams, fairy tales, and literature, Greene amplifies the meaning of fate and of astrological transits and natural configurations. She explores the zodiacal signs as portraying a mythical journey, the hero's journey, wherein the meanings are connected to the individual's fate.

This Weiser Classics edition replaces the previously published edition.

About the Author

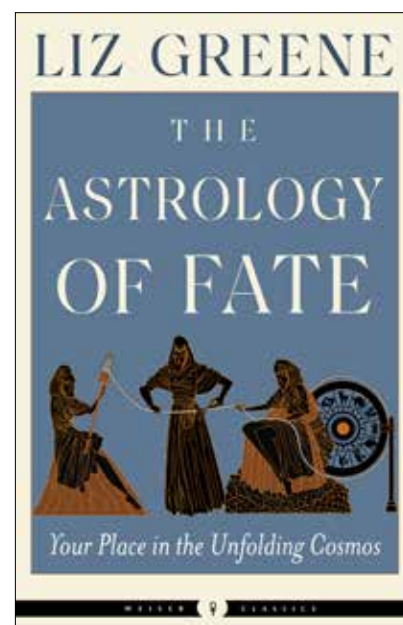

Liz Greene is the cofounder of the Centre for Psychological Astrology in London and is a contributor to the most respected astrology site on the web, www.astro.com. Healing Pluto Problems

An Astrological Guide

Weiser Classics

Donna Cunningham

Foreword by Lisa Stardust, author of *Saturn Return Survival Guide*

- This edition features a new foreword by Lisa Stardust
- An accessible look at one of the most astrologically relevant planets for today's generation

An in-depth but highly readable account of Pluto in the natal chart and how Pluto aspects can affect childhood, adulthood, and life in general.

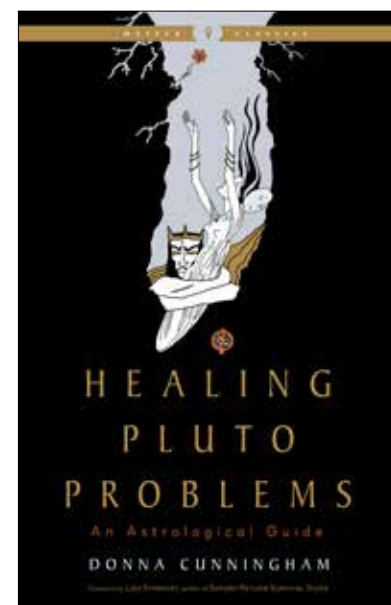

Pluto's energy is extremely potent and powerful. Within astrology, it is considered to be a "generational planet," as it influences both individuals and entire generations. The planet governs our compulsive behavior, all those things we know we shouldn't do but feel compelled to do anyway. It also represents the hidden dimension of our emotional lives, all the parts of ourselves that we'd rather bury in our subconscious and not reveal to others.

In *Healing Pluto Problems*, Donna Cunningham explains how Pluto functions in the birth chart and shows how Plutonian problems can manifest. Cunningham presents her material with warmth and compassion, without avoiding the tough lessons that Pluto has to offer.

This Weiser Classics edition replaces the previously published edition.

About the Author

Donna Cunningham (1942–2017) was an internationally respected astrologer, lecturer, and counselor. She had a master's in social work from Columbia University and over seventeen years of counseling experience working with abused children and women and people suffering from addiction. Where Dragons Dance

Lunar Eclipse Pathways to Personality & Prediction

Kory Varlen

Foreword by David Cochrane

- A brilliant and fascinating tool for prediction that every professional astrologer needs

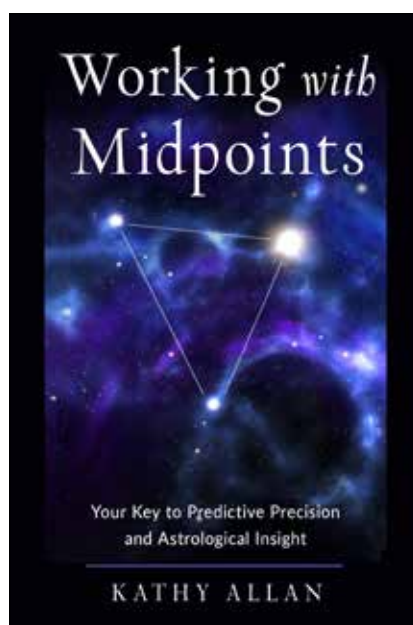

Get ready to meet your dragon family and discover life patterns unknowable by any conventional means of astrological analysis.

Astrologers use lunar eclipses for timing and prediction. The ancient Chinese believed that a lunar eclipse occurred when a dragon ate the moon. Our birth charts reveal that we belong to a heavenly family—a family of dragons, or galvanizing lunar eclipse patterns, many of which are ancient and have been returning for centuries to check up on us, their earthly kin.

With a captivating style, the author takes technical astrological data and makes it interesting to even those who are not astrology buffs.

About the Author

Kory Varlen, BEd (UBC), Dip. TEFL (UK), is an international lecturer and educator, cofounder of the British Columbia Federation of Astrologers (BCFA), a practicing consulting Western astrologer for over forty-five years, and creator of *KOSMICK.com*.

Working with Midpoints

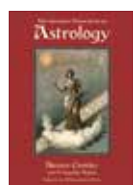

Your Key to Predictive Precision and Astrological Insight

Kathy Allan

In astrology, a midpoint contains three planets, one of which is equidistant between the other two. The information that midpoints provide is astonishing; they can mirror what is going on in the world, in many cases providing the missing link that explains what is really happening when traditional astrology fails.

Veteran astrologer Kathy Allan has crafted a manual that teaches readers to hone their basic chart-reading and predictive skills through working with midpoints. She includes in-depth case studies that demonstrate midpoints in action of such cultural icons as Carl Jung, Evangeline Adams, and Stephen King.

How to Use the Latest Findings in Buyer Psychology to Explode Your Online Ad Response

Drew Eric Whitman, author of the international bestseller *Cashvertising*

- Showcases the most effective advertising creative strategies for social media
- The perfect companion to *Cashvertising*, one of Career Press's best-selling books

The latest book from Dr. Direct™ will show you how to master online advertising and enhance your social media strategies—regardless of platform or budget.

Cashvertising revealed the secrets of ad agencies to the masses. With *Cashvertising Online*, Drew Whitman reveals how to realize maximum results by combining the power of advertising with an understanding of consumer psychology in a social media environment.

Most books that discuss online ads focus more on the mechanics of each platform and offer only basic copywriting tips. But to create successful social media ads, you need to understand the highly personal nature of the medium. The successful copywriter needs to make the shift to the highly personal "you and me" approach and learn how to sell without expressing the typical appearance of salesmanship.

Cashvertising Online examines the hidden principles specific to actual successful online ads and email promotions and the numerous and potent psychological techniques they employ that make them so persuasive.

About the Author

Drew Eric Whitman—aka "Dr. Direct!"™—worked as a creative writer for the direct-response division of Weightman Advertising and was also senior direct response copywriter for Union Fidelity, one of the largest direct-to-the-consumer insurance companies in the world. With over thirty-five years of hands-on experience, he is one the most popular direct-response seminar leaders.

How to End Injustice Everywhere

Understanding the Common Denominator Driving All Injustices, to Create a Better World for Humans, Animals, and the Planet

Melanie Joy, PhD

- From the author of *Why We Love Dogs, Eat Pigs, and Wear Cows*
- Provides practical tools to help anyone working to end injustice

Acclaimed psychologist Melanie Joy reveals the common denominator driving all forms of injustice and offers both an examination of unjust systems and behaviors as well as practical tools to help raise awareness, reduce infighting, and build more resilient and impactful justice movements.

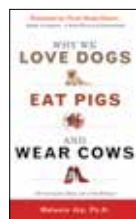

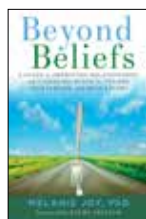

In *How to End Injustice Everywhere*, psychologist Melanie Joy explains that all injustices—such as racism, patriarchy, animal exploitation, environmental degradation, and domestic abuse—share a common denominator, which is relational dysfunction, or dysfunctional ways of relating to other individuals, between social groups, and to nonhuman animals and the environment. Relational dysfunction stems from a particular psychology, a “nonrelational mentality.” This mentality causes us to think, feel, and act in ways that violate integrity, harm dignity, and lead to unjust power imbalances.

The book provides an empowering and unique approach to ending injustice.

About the Author

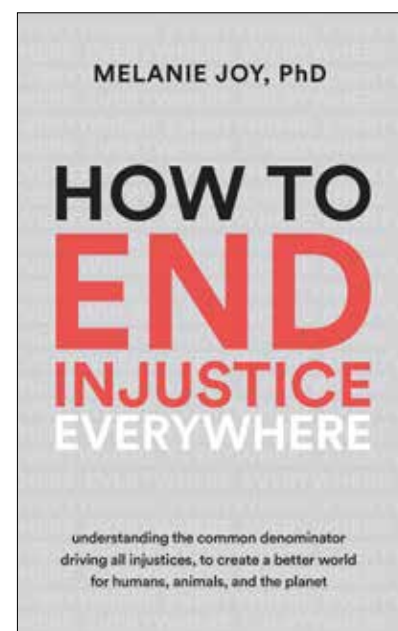

Melanie Joy, PhD, specializes in the psychology of oppression and social transformation and in relationships. She is an internationally recognized speaker and trainer who has presented her work in fifty countries across six continents, and she’s the founding president of the charitable organization, Beyond Carnism.

The Farm Animal Movement

Effective Altruism, Venture Philanthropy, and the Fight to End Factory Farming in America

Jeff Thomas

- A roadmap for people who want to work to end factory farming in America
- The first book to reveal behind-the-scenes political strategies used by animal advocates in the 2018 Farm Bill

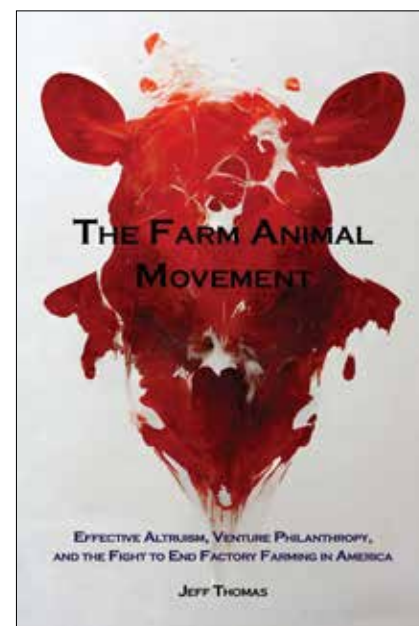

America is undergoing an ethical revolution involving the industrial treatment of farm animals. This book relates stories from midwestern slaughterhouses to the halls of Capitol Hill to Ivy League universities and Silicon Valley laboratories.

This book provides a roadmap for people who want to work to end factory farming. Behind you stand the ghosts of thousands of farm animals—three hundred killed for every year you have lived. Given the numbers involved, the most significant action you can take to mitigate suffering is to work to improve farm animal welfare. But this book is not about death and suffering.

It is about life and hope. In less than a decade, farm animal compassion has moved from a niche cause into the pantheon of established social movements. What was once the province of itinerant activists has broadened; it is now possible for anyone and everyone to work to help end the world’s largest source of suffering.

About the Author

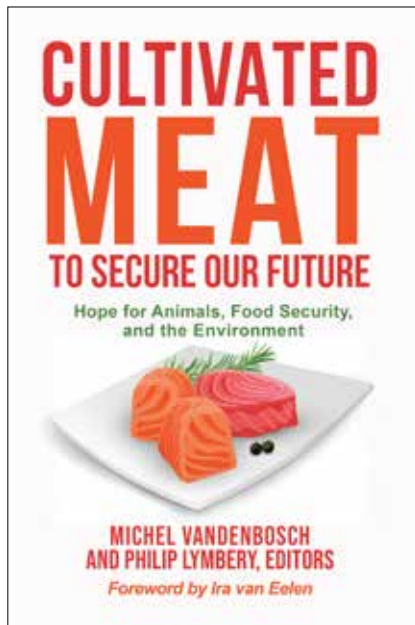

Jeff Thomas has longtime professional experience in the farm-animal movement and political campaigns. He is also the author of two classic books on modern Virginia politics. In his free time, he enjoys filing Freedom of Information Act requests and petting sweet little pups.

Climate Grief

From Coping to Resilience and Action

Shawna Weaver, PhD

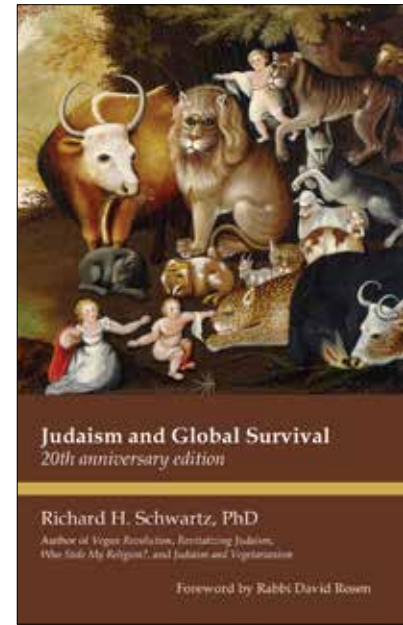

Forewords by Dr. Aubrey Fine and Mary Blue

A convincing argument that climate grief is not an ailment to fix but a warning from inside us and a call to action.

This book acquaints us with the realities of climate change and its accompanying grief, liberating us to cope and define our next steps toward a sustainable future. Mental health advocate Shawna Weaver describes climate grief as a natural and reasonable response to the widespread effects of climate change. She offers an informative summary of climate change, followed by a description of grief and its phases. The planet can't be healed by few people working out of despair but by many people working out of hope, care, and an openness to learn.

About the Author

Shawna Weaver is a career-long educator and mental health advocate. The climate crisis compelled her to return to graduate school to earn a PhD in sustainability education and to explore the intersection of nature and human wellness.

Judaism and Global Survival

20th Anniversary Edition

Richard H. Schwartz, PhD

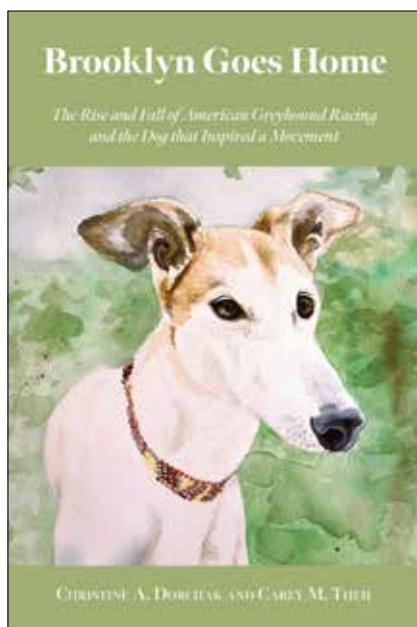

Foreword by Rabbi David Rosen

***Judaism and Global Survival* presents basic Jewish teachings on peace, justice, compassion, sharing, love of neighbors, environmental sustainability, and other topics to shift our imperiled planet onto a sustainable path.**

This important book discusses the challenges facing humanity and the Jewish teachings related to these challenges in order to galvanize Jews to help repair the world (tikkun olam), as required by Jewish law. It argues that we don't need to discover new values and approaches to address current global threats. What is needed is a rediscovery and application of basic Jewish teachings and mandates, such as to pursue peace and justice, to love our neighbors as ourselves, and to act as coworkers with God in protecting and preserving the world.

About the Author

Richard H. Schwartz, PhD, is president emeritus of Jewish Veg, and professor emeritus at the College of Staten Island, New York. He is the author of *Vegan Revolution*.

Journey for Life

Jack Cauley

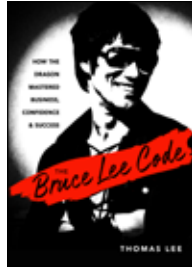

Journey for Life is a family saga that details what one family experiences when the United States goes into a Great Depression. It describes how one family worshipped, worked, traveled, and lived as they kept moving to find work. The story it tells is not a formula about how to handle resources; it is a synopsis of what wealth can do to help our fellow man.
