Throwing Bones, Crystals, Stones, and Curios

Includes 20 Unique Casting Boards for Divination and Insight

Mystic Dylan

- Etsy currently has over 1,800 listings for curated bone casting kits. Bone casting and its related hashtags have 3.4 billion views on TikTok
- Includes full directions for casting using a collection of 20 unique casting boards, plus other methods of crystal divination such as crystal scrying and pendulum dowsing
- Explains how to use found objects, crystals, and curios as divinatory tools in a clear and accessible way, making this book perfect for beginners

Use the incredible power of bones, crystals, and curios as divinatory tools to develop a deeper understanding of your abilities, your relationships, and your future.

The casting of bones and other objects for divination has been part of many cultural traditions for millennia. When we think of bones, we usually think of animal or human skeletal remains. However, in divination practice, the word “bones” refers to all the elements that are cultivated in your own “bone throwing kit.” While most of the items will be natural, such as bones, shells, roots, and crystals, a kit may also include other baubles and trinkets—dice, coins, a key. Creating your own bone throwing kit allows you to build a connection to the bones you wish to include in your arsenal and create a definitive divination system based on your personal practice.

This beautifully illustrated book includes everything you need to start “throwing bones” and divining the answers to any questions you have about the future or gaining inspiration for how to work with current situations. In it you will find:

- › Advice and suggestions for creating your own set of “bones”
- › 20 unique casting boards with full instructions on how to use them when addressing different sorts of questions
- › Other related methods of divination, including crystal divination—such as crystal scrying—and pendulum dowsing

The large, square format and layflat binding make the book uniquely practical.

Alive with Spirits

The Path and Practice of Animistic Witchcraft

Althaea Sebastiani

- Animism is the foundation of magic and witchcraft, as well as essential to many indigenous spiritual practices.
- The book bridges the gap between witchcraft and reverence for the land and the spirits that inhabit it.
- Althaea is a Pagan minister and a practicing witch for over twenty-five years

A richly rewarding guide into a world filled with spirits, communion with the land, and a greater sense of belonging in the world.

At the root of most spiritual traditions is the aspiration to realize one's birthright: the intimate connection with the land and the spiritual energies that inhabit it. This connection with the land and its spirits is perhaps nowhere more powerfully felt than in the various traditions of paganism and witchcraft. But the conditions of modern society strain that relationship, leaving us feeling disconnected to our craft and unable to feel that deep and vital connection.

In *Alive with Spirits*, which is based on Althaea Sebastiani's popular online course, readers will discover a path to fully embrace a world filled with spirits, communion with the land, and a greater sense of belonging in the world—a worldview known as animism. This book explores animism in a hands-on way that teaches through firsthand, direct experiences. Through embodied exercises based in wholeness, you will learn to see the world more fully for what it is and to better understand your place in it. Readers will be invited to:

- › Learn the three general types of local spirits and the breadth of variety that exists among them
- › Explore the importance of relationships and what it means to be in community
- › Uncover the way that the wholeness of the world is reflected in the wholeness of the self
- › Nurture right relationships with your local spirits

Alive with Spirits will provide you with a firm foundation from which to transform your witchcraft practice, rooting it into the land and in strong, respectful relationships with the spirits around you.

Excerpt from the book:

"Animism is an ongoing effort to be in right relationship with those around us, thus creating an interlocking web of relationships that form the basis of community. To sink ourselves more deeply into animism is to sink ourselves more deeply into the web of relationships and the web of community, binding ourselves to those around us through mutual awareness, respect, and obligation. In this way, animism—like any worldview—cannot be practiced. It is not a religion, not a system: it is a way of existing within the world. It can only be lived, defining every action the witch takes—be it those actions specifically focused on the everyday or upon the spiritual."

Secrets of Greek Mysticism

A Modern Guide to Daily Practice with the Greek Gods and Goddesses

George Lizos

- A reader friendly guide to the spirituality of the Greek gods

A clear introduction to the spirituality, beliefs, rituals, and gods and goddesses of the Greek Pantheon from a modern practitioner.

Secrets of Greek Mysticism is the first spiritual book about the Greek gods and goddesses written by a native, practicing priest of Hellenic Polytheism. Rather than presenting the gods and goddesses as symbolic, lifeless figures, *Secrets of Greek Mysticism* teaches readers how to find each god or goddess within them. This is achieved by explaining the deeper spiritual meaning of popular myths and through grounding insights on the gods' virtues as they relate to modern life: practicing bravery with Ares, cultivating endurance with Demeter, and embodying love with Aphrodite.

"Lizos brings ancient Greek wisdom and traditions into the present in an easy-to-understand, inclusive, and practical way for both those new to the path and modern mystics." —**Victoria Maxwell, Witch, Please**

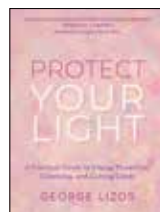

Secrets of Greek Mysticism covers:

- › The twelve gods' birth stories, essence, and virtues
- › How to live and work with the gods on a daily basis
- › Setting up altars and performing simple rituals
- › The foundation of ancient Greek spirituality, cosmology, and theology
- › Symbols, hymns, and meditations to guide readers' practice of connecting with the gods

About the Author

George Lizos is a spiritual teacher, intuitive, and creator of Intuition Mastery School. He is also a priest of Hellenic Polytheism at the world's first modern temple of Zeus in Cyprus.

Tarot of the Unexplained

A Deck of Cryptids, Ghosts, UFOs and Other Urban Oddities

Davezilla

- From *Stranger Things* to *Wednesday*, UFO, ghost, and cryptid-hunting shows are among the most heavily watched programs on television and streaming platforms.
- Davezilla is an experienced media marketing expert and devotee of the paranormal.
- Silver gilded card edges

A fun, quirky exploration of unexplained phenomena as a means to divine the future. The tarot deck Fox Mulder would have wanted.

We are living in strange times, and strange times call for strange tools. The *Tarot of the Unexplained* was conceived and designed to represent the most commonly seen and experienced, yet unexplained, phenomena: apparitions, Fortean phenomena, and cryptids. It incorporates these modern concerns as suits: Wands, Swords, Cups, and Pentacles become Sasquatch knocking sticks, Ghosts, Portals, and Flying Saucers. Pages have become Fans, Knights are now Hunters, Queens are Advocates, but Kings are Skeptics, and their role is to take a hard look at the situation and ensure you aren't letting your imagination escalate things.

This is a deck that embraces the diversity and weirdness of the 21st century. Embrace the weirdness. You are not alone.

Living Conjure

The Practice of Southern Folk Magic

Starr Casas

Foreword by Jake Richards

A beginner-friendly guide to Conjure as it has been practiced in the Deep South and passed down through the generations.

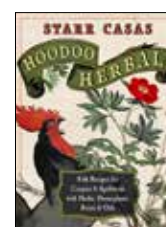

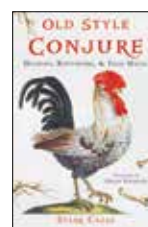

Living Conjure is a beginner's guide to Conjure written by an authentic Conjure woman with over four decades of working experience. Starr Casas learned Conjure the old fashioned way: at home, from her relatives and ancestors. She would like to share that knowledge with a new generation of practitioners.

In this foundational book, Starr leads readers step-by-step toward establishing their own practice, from setting up altars to finding the right tools and creating baths, washes, and powders. Because of Starr's great experience, long term practitioners will find topics of interest, too. Included in the book are veneration to the ancestors who passed down this knowledge and introductions to the culture and customs that brought these workings to light.

About the Author

Year of the Dark Goddess

A Journey of Ritual, Renewal & Rebirth

Lara Vesta

- This is a course of study with practical tools to empower positive transformations in times of change

A guided journey of empowerment and healing through life's difficult passages, with practical tools, including embodied rituals, writing prompts, seasonal self care practices, and community creation.

Year of the Dark Goddess provides a roadmap for navigating the disorientation of life transformations and offers resources for embracing changes as initiations that strengthen us and make clear our purpose and power. Included is guidance on making an altar, writing with the ancestors, creating herbal infusions, and storytelling, complete with journaling prompts for reflection and projection, making visible the initiation journey.

About the Author

Lara Vesta, MFA, is an artist, storyteller, educator, and author of *Wild Soul Runes*. She also has been through multiple challenging rite of passage transitions due to disabling chronic illness, which framed her understanding of the Dark Goddess work.

Tea Leaf Reading

Your Guide to More Than 500 Symbols

Jacqueline Towers

- An approachable guide to preparing and reading tea leaves
- A-Z reference to interpreting the meaning of 500 tea leaf patterns

A fun beginners guide to reading the symbols found in the leaves. Stir the leaves to find out your destiny!

The ancient practice of tasseomancy, or tea leaf reading, originated in ancient China and later became associated with gypsies who spread the practice around the world. It is one of the easiest forms of divination to learn—all it takes is tea leaves, some hot water, and a creative mind!

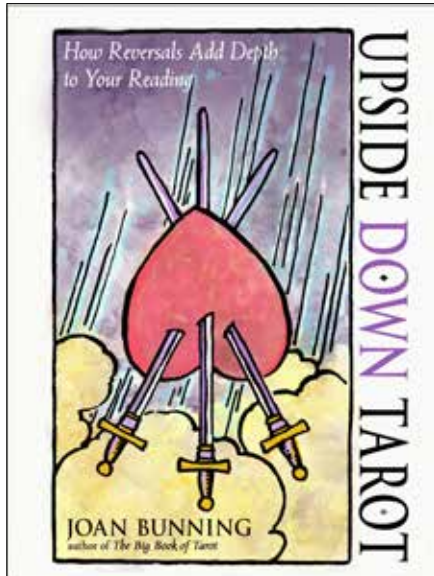

Tea leaf reading is a form of fortune telling that uses the symbols and images left in a cup by the tea leaves after the liquid is gone. Those images—much like the shapes we see in cloud formations—can be interpreted by the tea leaf reader. This easy-to-use guide will teach you:

- › The proper preparation of tea
- › Using coffee grounds instead of tea
- › Meanings of common symbols and images
- › Astrological and tarot related symbols

This book was previously published in paperback (9781571747860).

About the Author

Jacqueline Towers is a medium, psychometrist, tarot reader, Reiki healer, and counselor. She was a president of the British Astrological and Psychic Society and spent several years as the editor of their *Mercury Magazine*. She is also the author of *The Little Book of Dream Symbols*.

Upside Down Tarot

How Reversals Add Depth to Your Reading

Joan Bunning

- For any student of tarot who wants to move beyond the basics of card interpretation
- There are only a small handful of books devoted to tarot reversals—an essential aspect of reading the cards.

A much needed guide to working with and interpreting "reversals" (those cards that are upside down during a tarot reading) from the author of *The Big Book of Tarot*.

So much has been written on interpreting the meanings of tarot cards, but, according to Joan Bunning, there is one particular type of meaning that should get more attention—those of tarot reversals. Turned upside down, tarot cards can have an entirely different meaning from their upright interpretations. Sadly, tarot reversals are often misunderstood. Some people think a reversed tarot card means bad news. Some people think the reversed meaning must be the polar opposite of the upright meaning. And some people ignore them completely, just flipping upright any card that has shown up reversed in a spread.

In *Upside Down Tarot*, Bunning describes how card orientation is the key to enhancing the energetic quality of a reading. You can enliven and deepen your tarot practice by adding this new dimension to it.

The material in this book is drawn from Joan Bunning's *Learning Tarot Reversals*.

About the Author

Joan Bunning received her BA in social psychology from Cornell University and has worked as a writer, editor, and computer programmer. Since 1995, her *learningthetarot.com* website has helped thousands of people worldwide discover the personal value of the tarot.

The Way of the Will

Thelema in Action

David Shoemaker

- The interest in Thelema has been growing in recent years, with people looking for authoritative and grounded guidebooks and instruction.

A practical and in-depth manual on integrating Thelemic spiritual principles into daily life, by a prominent writer and teacher of the occult and the work of Aleister Crowley.

In *The Way of the Will*, David Shoemaker explores how the spiritual discipline of Thelema, founded by Aleister Crowley (1875–1947), can be utilized to enhance your psychological and spiritual growth. The book is organized in three parts:

- Thelema and the Life Within reflects on the ways your inner experience can be enhanced by tools such as the Qabalistic Tree of Life
- Thelemic Practice in Detail reviews several important libers in the Thelemic corpus and examines the deeper, personal magick accessible via attendance of the Gnostic Mass
- Thelema in the Wider World presents the ways in which the Thelemic path can inform your health, your creativity, your sense of connectedness, and your experience of the nature of life itself

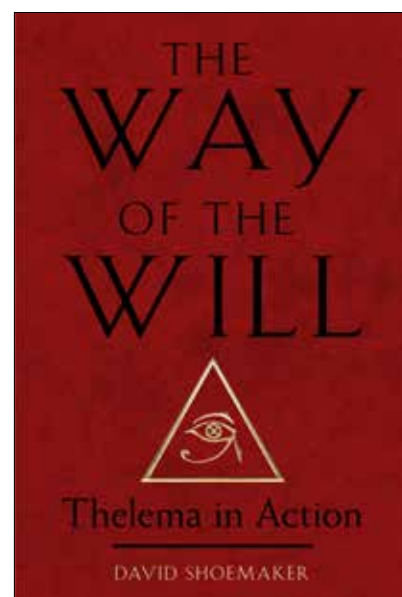

About the Author

David Shoemaker is a clinical psychologist in private practice, specializing in Jungian and cognitive behavioral psychotherapy. David is the Chancellor and Prolocutor of the Temple of the Silver Star (totss.org), a Thelemic initiatory and educational organization. Dr. John Dee's Five Books of Mysteries

Edited by Joseph Peterson

- This deluxe hardcover edition of an essential occult classic

A central esoteric text, now in a deluxe hardcover edition with new ancillary material by one of the most renowned scholars of occult literature.

Discovered in a hidden compartment of an old chest long after his death, the secret writings of John Dee, one of the leading scientists and occultists of Elizabethan England, records in minute detail his research into the occult. Transcribed between March 1582 and May 1583, these books detail Dee's system for communicating with the angels and reveal that the angels were interested in and involved with the exploration and colonization of the New World and in heralding a new age or new world order. While Dee's influence was certainly felt in his lifetime, his popularity has grown tremendously since. His system was used and adapted by the Hermetic Order of the Golden Dawn, and subsequently by Aleister Crowley.

First published by in 2003 as *John Dee's Five Books of Mystery*, this new edition will include extensive corrections to the text, an array of new, especially relevant appendices, and enhancements to the facsimile images that run through the core text as well as higher resolution images of objects preserved in the British Museum.

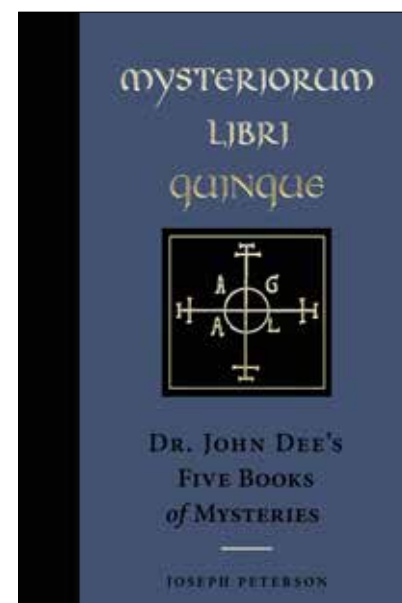

About the Author

Joseph H. Peterson has been studying esoteric texts for decades. He has translated many esoteric and religious source works and amassed a large collection of rare and occult tracts for comparative research, which he shares on his award winning websites, esotericarchives.com and avesta.org.

The Women Who Loved Jesus

The Untold Story of the Women's Evangelistic Corps

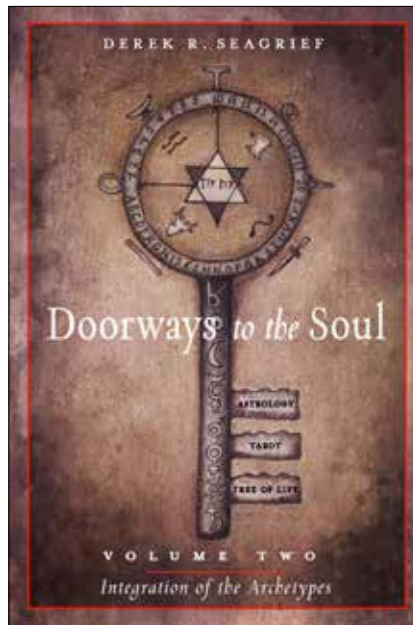

Donna D'Ingillo

An astounding new claim about Jesus was first made in 1955: that he had commissioned twelve female apostles. Its source was *The Urantia Book*. Now, a newer source builds on that revelation, unveiling each one of the inspiring stories of these courageous women apostles.

Our world is ready for the untold stories of the twelve female apostles commissioned by Jesus. The Bible mentions only a few of these women, but never refers to them as apostles. Now this detailed new account corrects and supplements the New Testament's record and stuns readers by explaining how Jesus's attitude toward women was "the most astonishing and the most revolutionary feature of [his] mission on earth."

About the Author

Donna D'Ingillo is a lifelong student of *The Urantia Book* and one of the first full-time ministers of the expanded gospel of Jesus based on the Urantia Revelation.

Awakening the Witch Blood

Embodying the Arte Magical

Nathan King; Illustrations by Wycke Malliway

- Activate a sense of deeper empowerment with the self as reclaiming an innate power

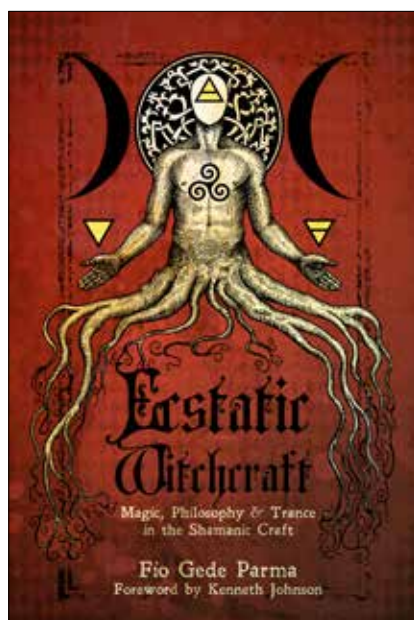

Drawing on the myriad of beliefs from European witch traditions, Nathan King has created an impressive guidebook, combining mythology and folklore with operative rituals designed to enliven and quicken the metaphorical Witch Blood that courses through our veins.

The Witchblood Awakens

Witches are not just users of magic; we are a physical embodiment, reflection, and power of the source. Coursing through our veins is a potent, magical elixir called the Witchblood, our personal source of power that creates the spark igniting our spells and rituals. In his first book, *Awakening the Witch Blood*, folkloric witch, and high priest Nathan King takes the reader on a truly magical journey through witch lore, ultimately leading you on a journey of self-discovery.

About the Author

Nathan King is a Michigan-based witch, occultist, psychic, and High Priest (Minos) of the Minoan Brotherhood Tradition.

A Race for Life

A Diet and Exercise Program for Super Fitness and Reversing the Aging Process (Revised Edition)

Ruth E. Heidrich, PhD; Foreword by Terry Shintani, MD, JD, MPH

The remarkable story of how one woman beat stage four breast cancer and went on to complete six Ironman Triathlons, advocating for veganism and advocating for humanities' fight against cancer.

Diagnosed with an aggressive type of breast cancer in her mid forties, despite thinking she was extremely healthy, the author researched possible causes. She came upon Dr. John McDougall's research, which strongly indicated that the culprit was the standard American diet. Ruth Heidrich turned tragedy into triumph using a medically sound whole-food/plant-based vegan diet and

exercise program which has served her well for over forty years.

This revised edition replaces the previously published edition (9781590560976).

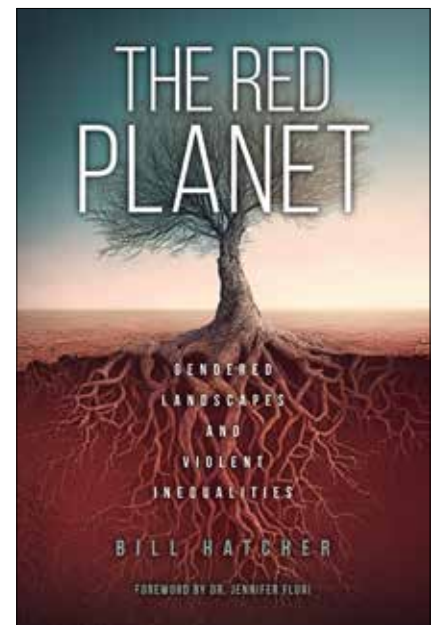

About the Author

Ruth Heidrich received her Ph.D. in health management in 1993.

The Red Planet

Gendered Landscapes and Violent Inequalities

Bill Hatcher; Foreword by Dr. Jennifer Fluri; Contributions by Dr. Jean Alger & Dr. Kimberly Munro

Explores the origins, evolution, and eventual extinction of hyper-masculinity.

The Red Planet explores why humans went from being peaceful and egalitarian with a preference for plant food to a hyper-masculine paradigm with consequences ranging from misogyny, racism, and environmental abuse to animal cruelty, classism, and warfare. What turned us from goddess-worshipping, plant-eating peacemakers into god-worshipping, animal-eating warmongers? *The Red Planet* answers this question by proposing a Gendered Landscapes Theory, or GLT and shows how a growing global consciousness has rekindled

our intrinsically feminine qualities of nonviolence, relationship, and equality.

No Place for a Woman

The Spiritual and Political Power Abuse of Women within Catholicism

Debra Maria Flint; Foreword by Dr. Deborah Jones; Afterword by Paul Murphy-Sanderson

This radical book examines the historical formation of Catholic theology from the perspective of the spiritual abuse of women. Beginning in the time of the New Testament, Debra Flint describes the process through which women, who were respected by Jesus and authoritative in the early church, were gradually eliminated from positions of influence by patriarchy and the growing development of misogyny. What is needed today is a complete change of culture and a new feminist theology for which Flint seeks to lay the groundwork.

About the Author

Debra Maria Flint decided to follow a consecrated path after the death of her late husband in 2014. She spent six years exploring the female consecrated life before experiencing difficulties in 2020. These difficulties ignited her passionate advocacy for the plight of spiritually abused women.
