- Includes an extensive A–Z list of botanicals.
- Offers readers an in depth exploration of the vital connection between scents and magical practice.

Renowned herbalist Amy Blackthorn shows readers how to bring plant spirits into their daily spiritual practice with therapeutic access, subconscious learning, and divining skills that help them understand plant spirits on a deeper level.

Blackthorn's Botanical Magic showed a new generation of witches how scent affects people, whether they understand it or not. In *Blackthorn's Book of Sacred Plant Magic*, we travel even deeper into the magical garden of scent. We know that a walk down a summer street can bring back the smell of childhood summers with friends, riding bikes and swimming. Spring breezes carry with them the clean soapy smell of your second grade teacher. We experience scents not only in the here and now but also filtered through the lens of our past.

Using the power of scent, we can create a sense of the sacred in our daily lives. Part reference guide, part recipe book, and part ritual journey, *Blackthorn's Book of Sacred Plant Magic* offers readers an in depth exploration of the vital connection between scents and magical practice.

Topics covered include:

- › Connecting with Spirits of Plants, Place, and People
- › Expanding Your Scent Vocabulary: Beyond "Floral"
- › Scent, Memory, and Personal History: How History Effects Scent
- › Creating Scent Activations

The Enneagram Map to Your Deeper Self

Living Beyond Your Type

Understand Your Type and How it Operates in Your Life

Sandra C. Smith

Foreword by Sandra Maitri, author of *The Spiritual Dimension of the Enneagram*

- Offers understanding of your type and guidance for when not to embrace it
- Author appears at major conferences such as the International Enneagram Association (IEA) and the Spiritual Directors International Conference
- Foreword by Sandra Maitri, one of the best known and longest running teachers of the Enneagram in North America
- Becoming more widespread each year, the Enneagram is now used in medical schools (helping physicians better know their impact on patients), corporations (honing leadership skills), nonprofits, and faith communities around the globe

We are much more than our personality type.

The Enneagram Map to Your Deeper Self is an invitation to see yourself as more than your personality type and engage in practices that liberate you from automatic patterns. Certified Narrative Enneagram teacher Sandra Smith, MDiv, has taught the Enneagram internationally as a tool for personal, professional, and spiritual development for over twenty two years. She shows readers how to deepen their use of the Enneagram in support of their spiritual lives as well as psychological health.

With clarity and consistency, this book shows how to understand your Enneagram type without reinforcing the patterns of your type. The gift of the Enneagram is its accuracy to show us the motivations beneath behaviors and egoic patterns that limit us and keep us from growing. *The Enneagram Map to Your Deeper Self* discusses the makeup of these patterns and gives us a greater capacity to unhook from them. Free from these habits, we are able to live more mindfully and grow into our full dimensionality, becoming more of ourselves.

Smith provides a detailed teaching of the components of the Enneagram type structures along with type specific practices to counter automatic patterns. Also included are contributions from a diverse range of Enneagram practitioners. With their help, Smith dives into the components of the Enneagram types to tease out the patterns and pitfalls preventing us from living our radiance. Prayers, poems, and practices beckon us out of our confining comfort zones and into witnessing and honoring our lives.

"In this book, Sandra creates a rich experience for the reader to travel through the nine Enneagram energies with helpful mindfulness practices at each stop. This is a great guide for those beginning their Enneagram journey and those who want to go deeper into the essence of their being." —**Deborah Threadgill Egerton, PhD**, author of *Enneagram Made Easy*

They also weave in wisdom from indigenous and Mexican healers and practitioners. The chapters close with application exercises, writing prompts, and journal entries to deepen the reader's healing journey. These exercises are applicable to all readers, whether you are working on your own or with a therapist.

Healing Psychedelics shows the complete process, enabling the reader to safely unlock the power of psychedelics to heal trauma and transform their life for a brighter future.

"Micah comes to this space with so much experience, wisdom, compassion, and humility, She's the perfect person to introduce you to the therapeutic possibilities of the psychedelic realm, especially the power and healing inherent in the therapeutic relationship."

A Confluence of Witches

Celebrating Our Lunar Roots, Decolonizing the Craft, and Reenchanting Our World

A Modern Witches' Anthology

Compiled and Edited by Casey Zabala

- Diverse contributors who speak to a broad array of audiences
- An important collection that is both assessable and substantive
- Casey Zabala is the founder of ModernWitches.com and @witchesconfluence, with a combined following of over 50,000

Featuring a "Who's Who" of voices from the contemporary witchcraft community, *A Confluence of Witches* is an invitation to practicing witches, and those newly drawn to the craft, to explore the authentic intersections of magic, spirituality, personal development, and social justice.

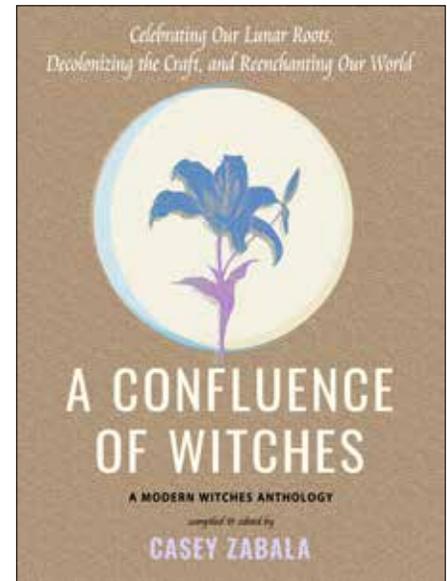

A Confluence of Witches aims to highlight how witchcraft has always been a diverse, constantly evolving, culturally specific practice with many lineages and rich traditions. It features essays, spells, and reflections from witches, traditional healers, herbalists, and artists on themes of magical activism, animism, and merging ancient practices with modern technologies, among other mystical subjects. The diverse representation of contributors will honor and celebrate the multicultural and multivalent ways that the witch operates within our society.

With an increased interest in and practice of witchcraft comes a greater need for authentic sources of wisdom that are culturally relevant and sensitive to the many lineages and traditions of witchcraft, healing work, and magic. *A Confluence of Witches* provides insights and perspectives from a wide range of people who, in one form or another, identify as a "witch." The anthology's contributors are from a variety of backgrounds: from the African diaspora, Indigenous traditions, Latinx practitioners, of Romani descent, and mixed race witches—each with their own sacred blend of spirituality to share. These voices come together to illuminate the multitude of ways one can practice.

Contributions to this anthology have been made by the following writers: adrienne maree brown, Aja Daashuur, Ariella Daly, Sanyu Estelle, Star Feliz, Edgar Fabian Frias, Amanda Yates Garcia, Rachel Howe, Madre Jaguar, Jessie Susannah Karnatz, Alejandra Leon, Aurora Luna, Angela Mary Magick, Dori Midnight, Liz Migliorelli, Maria Minnis, Kiki Robinson, Kimberly Rodriguez, Eliza Swann, and Jezmina Von Thiele.

"The aim of the present anthology is to reconnect a generation of powerful witches to a multitude of pathways of practice, philosophy, and spiritual experience. As I write this, we find ourselves collectively at a Full Moon moment in Witchcraft's cyclical history. More individuals are finding their way back to magical thinking, animism, eco-spirituality, and communing with unseen worlds. More individuals are finding themselves drawn to the idea that we are innately powerful beings, capable of changing our consciousness at will, capable of healing our psyches, and in turn healing our relationship with Earth. This anthology explores the many ways witchcraft can embolden us to embrace the mysteries of the cosmos, and find ways to co-create changes in our psyches and our societies, no matter how one has stumbled onto the path."

Queering the Runes

Reclaiming Ancestral Wisdom in Rune Magic & Mythology

A radical approach to healing on the heathen path

Siri Vincent Plouff

Foreword by Lara Vesta, author of Wild Soul Runes

- The Norse path has a rich potential for queer liberation. There is currently no rune book that explicitly talks about the queer nature of the runes and the way the runes defy the binary.

A contemporary, inclusive, nonbinary, and forward thinking approach to the runes.

Queering the Runes is a love letter to the runes, the gods, and the people who follow the Nordic path. The author presents an alternative approach to the runes, one that creates a gentle container for those who want to follow this heathen path. Based on the author's personal gnosis, as well as deep academic research on runes and Nordic culture, this book is an invitation into the root culture of the runes, both in terms of myth and in terms of lived, real folkloric experience.

Siri Vincent Plouff presents the traditional meanings of the runes, then helps the reader to queer the runes in their own way. Included is the lore associated with each rune, exercises to apply them to modern life, activities to engage with the rune (layouts, castings, and galdr), and how to use the runes for divination.

Queering the Runes seeks to blow open perceptions of the runes. Exploring them as active, living symbols available to all, as well as the inherent connection with ancestral magic that comes with rune work.

About the Author

Siri Vincent Plouff has been a practicing witch for nearly twenty years and has been reading tarot and runes professionally for six. They are also the brain behind the radical heathenry podcast, *The Heathen's Journey*, adapted from their column of the same name at Little Red Tarot.

Becoming Baba Yaga

Trickster, Feminist, and Witch of the Woods

Kris Spisak

Foreword by GennaRose Nethercott, bestselling author of *Thistlefoot*

- An in depth look at the Baba Yaga mythos and history through Slavic folklore
- Places Baba Yaga in modern context as not merely a witch of the woods, but as an archetype and force for finding your own path

Explore the folklore of the trickster, villain, and rescuer known as Baba Yaga in a new light.

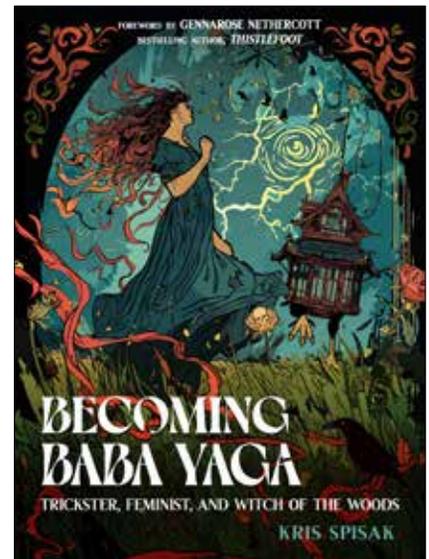

At once an old hag and an enchantress, a demon and wish granter, a feminist and nothing more than a fairytale, Baba Yaga is an endlessly complex folktale character.

Becoming Baba Yaga is filled with historical and cultural context, analyses, and the stories themselves that add depth to the conversation. A comprehensive resource for anyone hoping to learn more about this ambiguous character and how her multifaceted presence still ripples through the present day, *Becoming Baba Yaga* is as thoughtful as it is illuminating.

The author explores Baba Yaga's connection to nature as an Earth goddess and as an herbalist. - Appeals to deep occultists, the Crowley crowd, high magic practitioners, chaos magicians, pagans, goths, and fans of odd history

What is Baphomet? This comprehensive and accessible history sets the record straight on this captivating icon of the occult.

Baphomet, often misunderstood and cloaked in misinterpretations, has left an indelible mark on our collective consciousness, and stands at the crossroads of the occult, religion, and the quest for arcane knowledge. The Witches' Almanac 2025-2026, Standard Edition, Issue 44

Edited by Theitic

- Features a host of esteemed authors who are active in the witchcraft, Pagan, and magical communities, providing in depth information and viewpoints
- Editor is well respected and active in the field of witchcraft, folklore, and magic
- In addition to being an almanac, over 140 pages of the book provide interesting and timeless articles about witchcraft, magic, herbalism, charms, spells, and related topics

Founded in 1971 by Elizabeth Pepper, the art director of *Gourmet* magazine for many years, *The Witches' Almanac* is a witty, literate, and sophisticated publication that will appeal to general readers as well as hard core Wiccans. At one level, it is a pop reference that will fascinate anyone interested in folklore, mythology, and culture; at another, it is the most sophisticated and wide ranging annual guide available today for the mystic enthusiast.

Modeled after the *Old Farmers' Almanac*, it includes information related to the annual moon calendar (weather forecasts and horoscopes), as well as legends, rituals, herbal secrets, mystic incantations, interviews, and many a curious tale of good and evil. Although it is an annual publication, much of the content is both current and timeless, not specific to the date range of each issue.

The theme of Issue 44 (Spring 2025–Spring 2026) is Air: Breath of the Cosmos. Also included are articles on: Geomancy, the Lunar Nodes, Native American Spirit Totems, Kitchen Magic—Soul Cakes, Gods of the Sky, the Orisha Yemoja, and much more.

Anubis – Ancient Egypt’s Lord of Death and Protection

Charlie Larson

Foreword by Jason Miller, author of *Consorting with Spirits*

- Anubis (illustrated as a dog or jackal headed god) is among the most ancient and beloved Egyptian gods.
- For spiritual and magical practitioners enchanted by the practices of ancient Egypt.

A practical guide to working with Anubis, ancient Egypt’s god of death and the afterlife.

Anubis is among the most recognizable Egyptian gods. His image has become a symbol of ancient Egypt and is featured in modern comic books, video games, and in Neil Gaiman’s book *American Gods* and its television adaptation as *Mr. Jacquel*.

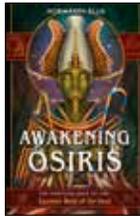

Portrayed as either a black jackal or as a jackal headed man, Anubis is Egypt’s original Lord of the Dead. Although that title was eventually transferred to Osiris, Anubis continued to be the most active participant in the after death process, supervising rituals that determined what would befall the dead soul, and he is credited as the inventor of mummification. Anubis’s domain extends beyond death, however; he is also a guardian of children and travelers and a finder of lost things.

Author Charlie Larson focuses the spotlight squarely on the jackal headed god. His book delves into history and mythology and is also a practical guide to working with Anubis. It features devotional practices and modern worship that includes rituals, prayers/invocations, correspondences, altars, and epithets.

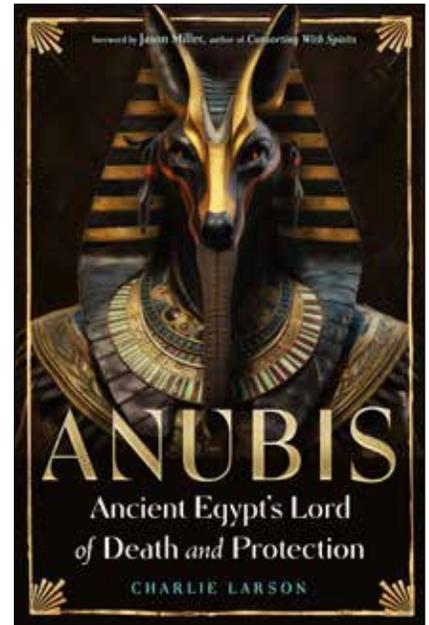

About the Author

Charlie Larson, MA, has been a practicing witch and eclectic pagan for over two decades. He holds both a bachelor’s and master’s degrees in linguistics and has been a writer and educator for most of his adult life. He is a priest of Anubis and has been a leader in his coven for over twenty years.

The Aramaic Jesus Book of Days

Forty Days of Contemplation and Revelation

Neil Douglas-Klotz, author of *Prayers of the Cosmos*

- Presents the true meaning of Jesus’s words as they were meant from the original Aramaic
- An essential guide to practicing contemplative spirituality—a nice companion to the works of Rohr, Bourgeault, Keating, Meister Eckhart, Tolle, and Gurdjieff

“The Aramaic translations of Douglas-Klotz cut through the rote and bring us to the deeper meanings of Jesus’s teaching that can still touch our hearts, move our souls, and ignite our action.”—Matthew Fox, author of *Original Blessing*

Through expansions of Aramaic’s multiple meanings as well as guided contemplations, *The Aramaic Jesus Book of Days* shows how the deepest teachings of Jesus address contemporary challenges, such as our relationships with nature and each other, as well as the purpose of life itself.

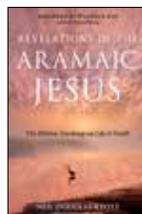

In short chapters, the book takes up life themes facing contemporary readers and offers meditations to address them. Each chapter is introduced with a short saying and keyword of Jesus, heard with “Aramaic ears,” and then proceeds to show how this applies to a life issue today.

The Aramaic Jesus Book of Days offers a unique perspective on Jesus’s teachings that can help you to connect with them on a deeper level and live a more authentic, fulfilling, and compassionate life.

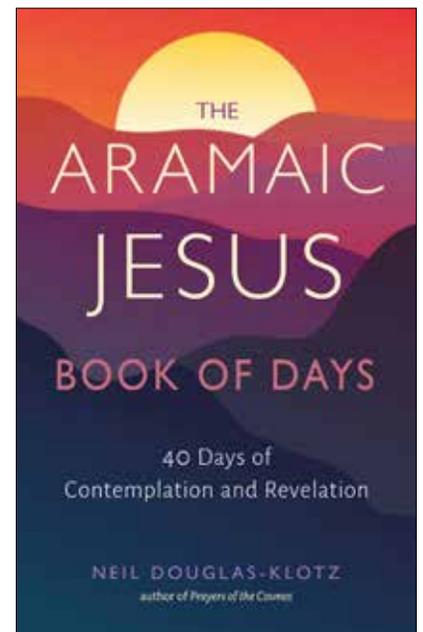

About the Author

Neil Douglas-Klotz is an internationally known scholar in the fields connecting religious studies and psychology, as well as a poet and musician. He is the author of *The Hidden Gospel* and many other books.

The Flesh and the Fruit

Remembering Eve and the Power of Creative Transgression

Vanya Leilani, PhD

Foreword by Thomas Moore

- The story of Adam and Eve and the Garden of Eden has given structural justification for patriarchy and the submission of women. Each woman must find her way to transgress it. This book gives her the tools.

Revisiting the story of Eve, Vanya Leilani uncovers what is hidden in its shadows: the Goddess in the Garden.

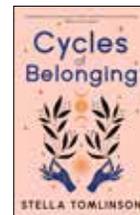

During a time when unruly questions were disrupting her devotion to the religion of her youth, Vanya Leilani encountered Eve—not the literalized Eve that has for so long been a stand in for every (fallen and guilty) woman, but the mythic and archetypal Eve that shows us something about our deep lives. In the shadows of her questions, Vanya met the Eve that transgressed and became like the gods: sovereign and knowing.

Part mythological exploration, cultural commentary, and personal memoir, the book explores ways of being and knowing that have long been exiled in patriarchal consciousness. *The Flesh and the Fruit* is an invitation for us to learn to live more freely in our nature, to believe in our beauty and inherent worth. It is an invitation for us to step into the center of our own circles and to live from our own wild knowing.

About the Author

Vanya Leilani, PhD is a depth psychologist, writer, teacher, and storyteller. She holds a PhD in depth psychology with emphasis in Jungian and archetypal studies, has completed a certificate training intensive with Dr. Clarissa Pinkola Estés, and served as adjunct professor at Pacifica Graduate Institute.

Little Book of Neville Goddard Quotes

The Pocket Guide to Mysticism, Manifestation & Imagination

Compiled by Jen McCarty

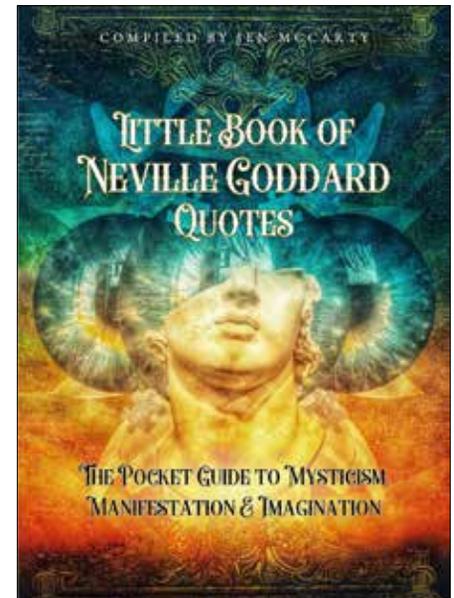

- Neville Goddard was a pioneer in the mind science/manifestation movement. His teachings are a cross between Ernest Holmes and Joseph Murphy.

Discover the Manifesting Powers of Your Mind

Before the bestsellers of *The Secret* and *The Law of Attraction*, Neville Goddard was conveying the revolutionary message that reality is directly impacted by the perspective and consciousness of the observer. Moreover, he wrote, each of us is ultimately responsible for, and capable of reshaping, the outer circumstances we perceive. Ultimately, we have the power to change our world through our thoughts.

As interest in Neville Goddard's profound teachings regains momentum, this distinctive collection reintroduces influential ideas to a contemporary audience. It caters to a broad audience, serving as an introduction for those unfamiliar with Neville's work while offering regular, insightful quotes for devoted followers. This book is ideal for individuals seeking daily inspiration, establishing sacred rituals, or looking to infuse their lives with the power of manifestation.

"According to Neville Goddard, there is only one power in the universe out of which all things emanate. Not a 'good' source and a separate 'evil' one, but one universal source bending in obedience to the creative will of men and women everywhere." —**Katherine Jegede**, *Infinite Possibility*

***Mexican Magic* offers an overview of magic and spells from across Mexico for daily use.**

Algunos nacen con estrella y otros estrellados. This dicho (saying) roughly translates to “Some are born with a star, while others are born starry.” It refers to the Mexican belief that good luck is a matter of fate, something you are born with or not. Mexicans attribute their good or bad luck to a greater force, even to the stars in the sky. Being born with a star is a blessing.

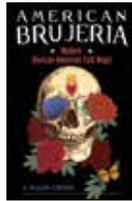

A fifth-generation Mexican witch, Laura Davila shares her knowledge and offers an overview of magic from across Mexico. Spells are the focus, and this book features magical recipes, spells, tips, and advice for a wide variety of intentions, including love, lust, sex, good luck, money, protection, commerce, gambling, justice, pregnancy, travel, education, and more. These spells can be practiced by anyone, though their flavor is distinctively Mexican, as they are deeply rooted in Mexican folk beliefs and magic.

Mexican Magic also provides direction on how to be a magical person and live a magical life, with examples given from some influential Mexican historical and spiritual figures.

About the Author

Laura Davila is a long time practitioner of Mexican ensalmeria, hechicería, and brujeria. Born and raised in Mexico, Laura has lived in the US since 2010. Laura identifies as a “bruja de rancho”—a “ranch witch”—indicating knowledge of botanicals and the natural world.

The Forbidden Knowledge of the Book of Enoch

The Watchers, Nephilim, Fallen Angels, and the End of the World

Harold Roth

- The *Book of Enoch*, which has been influential in Judaism, Christianity, and other religions are of special interest to magic workers, mystics, and those focused on the fallen angels.

Examines the mysterious *Book of Enoch*, offering context to its meaning, secrets, and impact in a clear, accessible, secular, and respectful way.

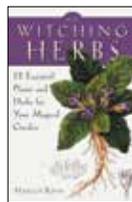

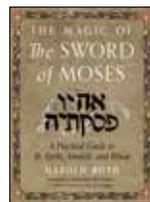

From Renaissance magicians (Dr. John Dee) to early Christian apocalyptic texts, to today’s conspiracy theories and modern magical angelology, the *Book of Enoch* has fascinated readers. What has been missing from the various approaches to these books, more popular today than ever, has been any real attempt to find not only what is at the center of these stories but also their connections to magic.

The Forbidden Knowledge of the Book of Enoch finds and elucidates those connections. The author focuses on exactly what is in the text, how that knowledge has been used in the past, and how it can be useful in the present, showing that the *Book of Enoch* remains as vital today, if not more so, than they have been for centuries.

About the Author

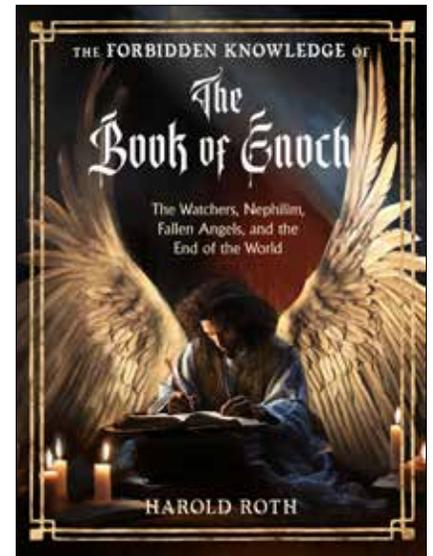

Harold Roth studied Hebrew as well as Jewish mysticism and magic for decades. The author of *The Magic of the Sword of Moses* and *The Witching Herbs*, Harold teaches classes on botanical magic, Kabbalah, and witchcraft.

Liber Nephilim

A Grimoire of Fallen Angels

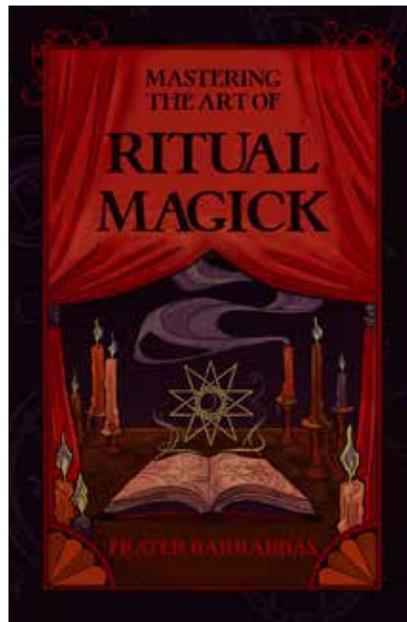

Frater Barrabbas

- An in depth look at the mythology of the Nephilim, including correspondences and magical seals.

The wisdom of the Nephilim, those who have been exiled by God and who taught ancient man the ways of civilization, awaits you within the pages of Frater Barrabbas's guidebook and grimoire.

A New Grimoire for an Ancient Provenance

While the grimoire traditions have done much to enlighten the occult community about the various banned books of magic and secret powers, only *Liber Nephilim* works with the first of the angels to fall. Yet these are spirits that loved humanity, mated with mortal women, and gave birth to a new age of magic so long ago. Yet they were omitted from that Medieval magical lore—until now. *Liber Nephilim* is the starting place where these renowned spirits are again engaged as they once were to the magicians of the most ancient times.

The Craft of Tubal Cain

Traditional Witchcraft and the Legacy of Robert Cochrane

Kenneth Johnson

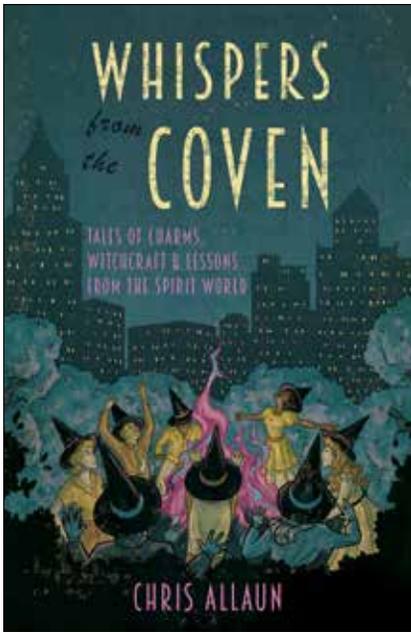

- Explore the ancient myths that paved the way for modern traditional witchcraft practices.

Revisit old, near-forgotten themes in the Craft that will inspire your current system of magical belief.

During the chaotic but colorful 1960s, witchcraft was reborn as a modern mystical practice, but there was a counter current, now known as Traditional Witchcraft. Its chief thinker was Robert Cochrane, who envisioned witchcraft as a gnostic quest for ultimate knowledge and union with the divine. This volume explores Cochrane's most important ideas, especially the way in which he re envisioned ancient mythology, putting a new spin on old deities and naming Tubal Cain, whom the Bible calls the first blacksmith, as his avatar of knowledge both sacred and profane.

About the Author

Kenneth Johnson has published many books. His best known works are *Mythic Astrology* and *Jaguar Wisdom*.

Katherine Carver

Foreword by Francis Battista; Afterword by Deborah Samuel

- This is a book of hope that raises awareness about the vital importance of dog rescue. It documents how dog rescue equally enriches the lives of abandoned dogs and their human companions.

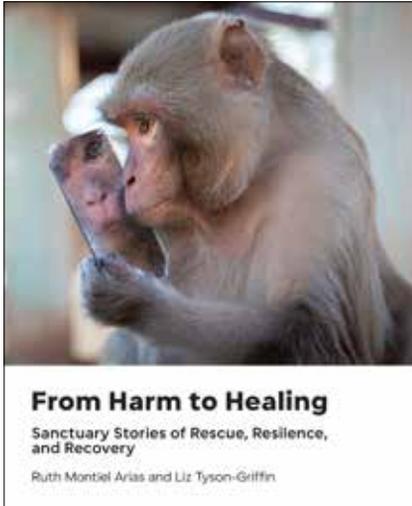

Abandoned uses fine art photography to chronicle the lives of abandoned dogs. Striking, emotionally charged images document each dog's journey from a shelter or rescue to a loving, permanent home. The photographs illustrate the profound benefits of animal adoption for both dogs and owners.

Katherine Carver worked on this book for over a decade. Her fine art photography captures the salient emotion, spirit, and dignity of each dog, despite the dog's circumstances. Dogs of all breeds, sizes, ages, temperaments, and backgrounds are included in the book. Carver also includes narratives based on interviews with rescue personnel and adopters to provide additional context to each dog's journey.

This book chronicles how dog rescue enriches not only the lives of the dogs but how it unequivocally enriches the lives of their human companions as well. Carver hopes this book compels viewers to consider dog rescue and adoption. This book will appeal to dog lovers far and wide.

About the Author

Katherine Carver's first dog, a rescue Shetland sheepdog named Biscuit, inspired her passion, interest, and curiosity about dogs. Her photographs have been published in international publications. She currently lives in the Washington, D.C. area with her husband, daughter, and rescue Shetland sheepdog, Victory.

From Harm to Healing

Sanctuary Stories of Rescue, Resilience, and Recovery

Ruth Montiel Arias and Liz Tyson-Griffin

- A beautiful photographic account—with over eighty photographs—of the lives of monkeys and their human caregivers at a hardworking wildlife sanctuary.

From Harm to Healing combines photography and narrative to explore the stories of eight monkeys rescued from traumatic and abusive situations and rehomed to one of the largest animal sanctuaries in the United States, the Born Free Primate Sanctuary near Dilley, Texas.

With an honest and open approach to the work of sanctuaries, the book seeks to consider the complexities and challenges of life after rescue. It posits the work of sanctuaries not simply as a "happily ever after" for victims of the pet trade, vivisection, and zoos, but as a journey toward recovery that may take years or even decades.

Ultimately, *From Harm to Healing* seeks to share the individual tales of the monkeys from their perspective and makes the case that, while sanctuaries are vital to protect animals from further harm, they are not the answer to end animal suffering. Indeed, the only way in which we can end the suffering of exploited wild animals is to tackle the source head on.

About the Authors

Ruth Montiel Arias is a visual artist and animal liberation activist from Spain. **Liz Tyson-Griffin** is an animal activist with twenty years' experience working in animal protection nonprofits. Since 2018, Liz has been director of the Born Free USA Primate Sanctuary, based in Texas.

Censored Landscapes

The Hidden Reality of Farming Animals

Isabella La Rocca González

- The first book to weave together art with hard hitting, in depth research to explore the reality of farming animals in the 21st century.

***Censored Landscapes* is a compelling long term photographic project that unveils the hidden reality of animal agriculture. Photographs, essays, poetry, and research together tell a factual story about the most abusive industry of the 21st century.**

Isabella La Rocca González's lens captures the haunting beauty of landscapes that portray the animal agricultural industry. A number displayed with each image represents the lives imprisoned within the facility, drawing attention to the magnitude of suffering behind the banal exteriors. Portraits of nonhuman animals who have been confined in such facilities are emblematic of the vast number of animals whose individuality, sentience, and beauty are obliterated by the industry.

Censored Landscapes is poignant combination of evocative photographs, poetry, and personal narrative. The project also provides a robust basis in verifiable facts and scientific research. Readers are encouraged to confront the intricate web of connections between animal agriculture, animal suffering, environmental devastation, worker exploitation, human health, economic political structures, and social justice. This book is a call to action, a revelation of the invisible, and an opportunity to see, feel, and make a difference.

About the Author

Isabella La Rocca González is an artist, writer, and activist based in the United States. As the daughter of immigrants, she strives to reconcile values from her indigenous Mexican roots with her European heritage.

You Had to Be There

Thoughts on Ecological Grief in the Anthropocene

Jess Bugg

- Offers a fresh, hopeful perspective on the challenging subject of climate grief.

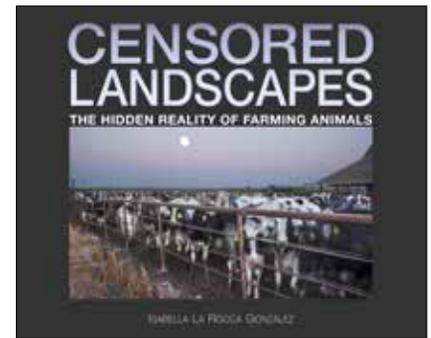

Operating at the crossroads of memoir, academia, and literature, *You Had to Be There* offers a fresh, hopeful perspective on the seemingly hopeless subject of climate grief.

Over the course of eleven essays, interrogations, and reflections, the author invites readers to examine the ways in which the media influences our reaction to the events befalling us, not only in how we feel but also in how we behave in the face of such overwhelming circumstances. From TED Talks to Camus, from *My Octopus Teacher* to *The New York Times*, Jess Bugg examines what the culture is serving us about climate change—what we should be discarding and what we should be taking to heart. Included are over fifteen beautiful color images of original artwork reflective of each essay. There is also an online companion that incorporates different forms of learning such as audio and visual.

One of a vanishingly small number of graduates from RISD's nature, culture, and sustainability program, the author has spent years considering the question of where to turn once you pass the tipping point and writes about the small acts that might keep us afloat even if they don't promise to save us.

About the Author

Jess Bugg is a writer and interdisciplinary artist based in Austin, Texas. She graduated summa cum laude from the Savannah College of Art and Design and a master's in nature, culture, and sustainability studies from the Rhode Island School of Design.

The Ofrenda Oracle

Celebrating the Day of the Dead

Honoring Past Ancestors, Nurturing Future Generations

Nancy Hendrickson and Carrie Paris

Foreword by Laura Davila (aka Daphne la hechicera), author of *Mexican Sorcery*;

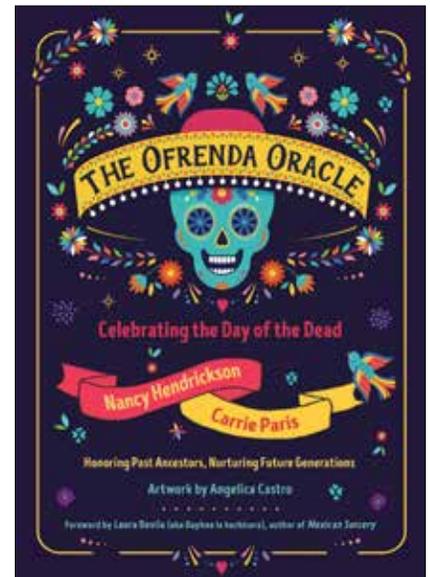

Illustrated by Angelica Castro

- A deck of vibrant art inspired by the Day of the Dead celebrations
- Cards can be used as stand alone altar offerings, for Lenormand style divination, or for oracle divination

Welcome to *The Ofrenda Oracle*, inspired by the celebration honoring the Beloved Dead during Dia de los Muertos—Day of the Dead

Ofrenda is Spanish for “offering.” These are the items placed on a home altar during the annual (traditionally Mexican) Dia de los Muertos celebration. The initial inspiration for this deck came from San Diego’s close association with Mexico and the yearly celebration of the Dead that runs October through the first days of November. From those vivid images and joyful celebrations came the idea for this kit of colorful cards.

The Ofrenda Oracle includes a sixty-card deck, designed to be read as an oracle. Included is a 128-page guidebook. Cards one through thirty-six mirror those found in a Lenormand deck, and can be used separate from the remainder of the deck. The additional cards depict the vibrant symbolism seen during the Day of the Dead celebration.

Jeff Belanger; Illustrations by Terry Reed

The Fright Before Christmas delves into the folklore of Krampus and his friends with the elf-like Tomten and the goblinesque Karakoncolas. The Belsnickel is ready to hit us with his switch of sticks and Gryla may drag you back to her mountain lair. And watch out for the Yule Cat ready to pounce! These are just a few of the yuletide beasts coming for us in *The Fright Before Christmas* in the hope they can save us from ourselves.

The Weiser Tarot

A New Edition of the Classic 1909 Waite-Smith Deck

Arthur Edward Waite, Pamela Colman Smith, & The Editors of Weiser Books

"The Weiser Tarot is a gorgeous and much-needed update to an old classic. Vibrant watercolors add new life to the images, making it a pleasure to read. Finally, a version of the RWS that everyone will love!" —**Theresa Reed**, author of *Twist Your Fate: Manifest Success with Astrology and Tarot*

"There have been many re-workings of the classic Rider deck in recent years. This may be the best. Keeping Pamela Smith's original line drawings but using vivid watercolors brings the cards vibrantly to life... moves the deck firmly into the new century." —**Rachel Pollack**, author of *78 Degrees of Wisdom: A Tarot Journey to Self-Awareness*
